Alaska's Ballot Counting System

Your Vote is Secure!

Alaska uses three different methods to count ballots:

- ❖ Hand-count
- ❖ Optical Scan
- ❖ Touch Screen equipment with voter-verifiable paper audit trail

Alaska's ballot tabulation system has a paper trail of every ballot cast. Each precinct receives paper ballots that are either hand-counted when the polls close or counted using an optical scan unit as the voter inserts the ballot into the optical scan. In addition, during federal elections, each precinct has a touch screen voting unit equipped with a voter-verifiable paper trail that allows the voter to verify the printed version of the ballot prior to casting the ballot.

The ballot tabulation system used in Alaska to produce and count ballots is federally certified and is thoroughly tested prior to each election. It is a stand-alone system that is not connected to the internet or to a network.

Each optical scan and touch screen voting unit, along with their corresponding memory cards are tested prior to the election. A functionality test is conducted to ensure the equipment is in proper working order. Two different logic and accuracy tests are performed, by two different bi-partisan boards, on memory cards to ensure the cards are counting the ballots correctly.

In addition to the pre-election testing, the division is required by law to conduct a verification of machine counts by hand-counting ballots from a random sampling of precincts. In fact, through this verification, 5% of the ballots cast in each of the 40 house districts throughout Alaska are hand-counted after the election to verify the election results are accurate. If we find a discrepancy of more than 1% in the hand-count verification, we are required to hand-count all of the ballots cast in the district.

With all the testing, security and verification processes used by the Division of Elections during each election, you can go to the polls knowing that your vote is secure and that it will be accurately counted and reported.

Voting Information

General Election Day is November 6, 2018

Polling Places

The polls will be open from 7:00 a.m. to 8:00 p.m. **To locate your polling place please call 1-888-383-8683. In Anchorage, please call 269-8683.**

Bring Identification to the Polls

You **MUST** be prepared to show one form of identification. You may use the following ID:

- Voter ID Card
- Driver's License
- State ID Card
- Current and valid photo ID Card
- Passport
- Military ID Card
- Birth Certificate
- Hunting or Fishing License

or, you may use an original copy of one of the following documents if it contains your name and current address:

- Current Utility Bill
- Government Check
- Bank Statement
- Pay Check
- Other Government Document

Questioned Ballots

If your name does not appear on the precinct register or if you do not have identification, you may vote a questioned ballot. Your voted ballot will be placed in a secrecy sleeve and then sealed inside a completed questioned ballot envelope. The information you provide on the outside of the questioned ballot envelope will be used to determine your voting eligibility and to update your voter registration. If for any reason your questioned ballot is not fully counted, you will be notified in writing.

Marking the Ballot

When voting, fill in the oval next to the choice you wish to vote for.

Mark only one choice in each section. If you mark more than one choice, that section of the ballot will NOT be counted. You do not have to vote each section.

If you make a mistake marking your ballot, DO NOT erase or correct the ballot. Return your ballot to an election worker and request a new ballot. Sections with eraser marks or where more than one choice is selected will not be counted.

Campaigning Prohibited

Campaigning is not allowed within 200 feet of any entrance to a polling place during the hours the polls are open. This includes any discussions about candidates or issues appearing on the ballot or displaying campaign items such as signs, bumper stickers or buttons.

Voter Assistance and Concerns

Assistance While Voting

If you need language or other assistance during the voting process, you may have a person of your choice help you as long as that person is not a candidate for office in the election, is not your employer, agent of your employer or agent of a union you belong to. You can have help during each step of the voting process, including inside the voting booth with reading or marking the ballot. The election workers at the polling place are available to help you as well. This is your right under federal law.

Alaska Native Language Assistance

Bilingual outreach workers and poll workers have been hired by the Division of Elections to provide language assistance in rural areas where there are limited English proficient Alaska Native voters. Before Election Day, bilingual workers make announcements, provide election information to their community and are available to provide language assistance for any voting related activity, including voter registration, absentee voting and to assist with all information in this pamphlet. On Election Day, bilingual workers will provide language assistance at the polling place with the voting process, including translating the ballot.

If you need the name of the person who has been hired to provide language assistance in your community, please contact the Division of Elections. For Alaska Native language assistance call, toll free 1-866-954-8683.

Touch Screen Voting Machine

On Election Day, each polling place will have a touch screen voting machine. The touch screen voting machine is intended for the blind, disabled, and for voters who do not read well. It allows voters to vote unassisted through the use of magnified, high contrast and audio ballots. In rural areas where there are limited English proficient Alaska Native voters, the touch screen voting machine will also have an audio translation of the ballot in Alaska Native languages. Voting an audio ballot may take 15 – 20 minutes. If you need to vote using the touch screen voting machine, let the election board know.

Visually Impaired Voters

Magnifying ballot viewers are available at all polling places and absentee voting sites. Audio recording of this pamphlet is available at each Regional Election Office, from the Alaska State Library, Talking Book Center, located in Juneau and on the Division of Elections website. Telephone the library at (907) 465-1315 for information.

Hearing Impaired Voters

For questions or to obtain election information, you may contact the Division of Elections through our TTY telecommunications device by calling (907) 465-3020.

Physically Disabled Voters

If you have difficulty gaining access to your polling place, or if you have questions about the accessibility of your polling place, please contact the Division of Elections. We make every effort to ensure that polling places are accessible to all Alaskans.

Concerns, Comments, Questions

If you have any concerns, comments or questions, please contact a Division of Elections Office.

Absentee Voting

If you do not want to go to your polling place to vote on Election Day, the below voting options are available.

Voting at an Absentee Voting Site

Beginning **October 22, 2018**, you may vote at an absentee voting site. Ballots for all 40 districts are available at all Regional Elections offices. In addition to the Regional Elections offices, there are many other voting sites throughout Alaska that will have ballots for their house district. For more information or for a list of absentee voting locations visit our website or contact a Regional Elections office.

Voting By Mail or Electronically

To vote by mail or electronically, you must submit an application.

Receiving a Ballot By Mail

You must complete an absentee ballot application to receive a ballot in the mail. When completing the application, you can request a ballot for a specific election or for all elections in the year. **Your application MUST be received by October 27, 2018 to receive a ballot for the General election.** Apply early to ensure timely delivery of your ballot. When returning your voted ballot, it must be postmarked on or before Election Day.

Receiving a Ballot By Electronic Transmission

There are two ways to vote electronically. You may apply for a ballot to be sent to you by FAX or online delivery. **For the General election, you may apply between the dates of October 22, 2018 through 5:00pm Alaska time on November 5, 2018.** Your voted ballot may be returned by mail or by fax. If you return your voted ballot by fax, it must be received no later than 8:00pm Alaska time on Election Day. If you return your voted ballot by mail, it must be postmarked on or before Election Day.

If you have questions about voting by mail or electronically, please contact the Absentee Office at (907) 270-2700 or Toll Free 1-877-375-6508.

Special Needs Voting

If you are unable to go to the polls due to age, serious illness or a disability, you may have a personal representative pick up and deliver a ballot to you beginning 15 days before an election at an absentee voting site or on Election Day at the polling place. Your personal representative can be anyone, except a candidate for office in the election, the voter's employer, an agent of the voter's employer, or an officer or agent of the voter's union.

For more information about absentee voting, contact any Division of Elections office or visit our website at:

Candidates for Elected Office

**Vote!
November 6**

United States Representative

Alyse S. Galvin, Alaska Democratic Party Nominee (Undeclared)

RESIDENCE ADDRESS: 3117 Cottonwood Street
Anchorage, AK 99508

MAILING ADDRESS: PO Box 90020
Anchorage, AK 99509

EMAIL: alyse@alyse4alaska.com

WEBSITE: www.alyse4alaska.com

AGE: 53

SPOUSE'S NAME: Patrick Galvin

CHILDREN'S NAMES: Cooper, Sean, Bridget,
Camden

EDUCATION:
BA, University of California San Diego

OTHER:
Alyse Galvin is a mom, a lifelong Alaskan, a community leader, and has been a fighter for people across Alaska throughout her career. She is a former small business owner and managed a large hotel. Alyse spent the last four years as a leader of Great Alaska Schools. In Congress, Alyse will put partisan politics aside and be an independent voice fighting for all Alaskans. Alyse will work for bipartisan solutions to our toughest problems and fight for Alaska's interests.

Alyse and her husband Pat are the proud parents of four amazing kids raised and educated in Alaska. Like

any parent, she wants to make sure that Alaska is a place with the jobs, educational opportunities, and vibrant communities that will allow her children -- and every child -- to live, work and raise families right here in Alaska.

STATEMENT:

Alyse knows firsthand that Alaskans are struggling to find jobs with wages that keep up with rising costs. Alyse will work to revitalize the Alaskan economy and create the jobs of the future, championing legislation helping small businesses thrive, encouraging innovation and technology, establishing statewide high-speed broadband, investing in roads and ports for international trade, and reducing energy costs.

Everyone deserves healthcare. Our healthcare system is failing patients, led us into a recession and stands in the way of economic growth. Alyse will work to ensure every Alaskan has the healthcare they need, fighting to lower prescription costs, promoting stability and lower costs for coverage. Alyse will protect women's access to reproductive health care.

The strength of our economy begins with a strong education. Alyse has extensive experience improving educational opportunities to support children's school success from cradle to career. Alyse will fight for policies that bring our young people the skills to thrive in the future.

Alyse believes Congress must protect Social Security and Medicare, benefits seniors have paid for, earned and been promised after a lifetime of hard work. Alyse will be a champion for seniors and reach across party lines to allow Medicare to negotiate lower prices for prescriptions.

Alaska is facing a violent crime epidemic and substance abuse crisis that's left no family or community untouched. Alyse will address this emergency head-on, adding more law enforcement, treating opioid addiction as a public health crisis, improving access to drug treatment, and ensuring that every Alaskan feels safe.

STATEMENT:

Throughout my service to Alaska, I've worked to protect the unique beauty, abundant resources, and resilient people of our state. Whether it's defending our economy from job killing rules and regulations, empowering families and small businesses with new opportunities, or upholding the constitution, I've always stood up and fought for Alaska.

Our state has experienced many successes and the work to protect Alaska's future is far from over. We are faced with a barrage of one size fits all, "Washington knows best" policies that jeopardize our already sluggish economy, lock away our land and resources, and ignore the needs of our people. The 2016 election sent a clear message to D.C. bureaucrats. Enough is enough. I have worked to roll back burdensome regulations, deliver tax relief and unleash Alaska's leadership potential in energy production and I still have more I want to do.

With the confidence you've entrusted in me, and the relationships I've built in Congress, I'm strategically positioned to defend Alaska's interests. As a senior member of two powerful committees and as Chairman Emeritus of the Natural Resources Committee, I continue to advocate for our great state. With these key roles and a deep passion for our people, I'm confident that Alaska will shape many policy debates needed to build a stronger, more vibrant state for generations to come.

My motivation and enthusiasm for the Alaskan people remains as strong as ever. With your support, I remain committed to defending and fighting for Alaska's future.

National Association of Home Care and Hospice

SERVICE ORGANIZATIONS MEMBERSHIPS:

Assets Inc., President of Board
Gang Reduction Implementation Task Force, Co-Chair
Anchorage Delinquency Prevention Policy Board, Co-Chair

OTHER:

In 2003, Mark was elected as Mayor of Anchorage, and oversaw the biggest building boom Anchorage saw in a generation, balanced the city budget, earned top bond ratings, grew the economy, strengthened relations with Alaska Natives and other minority groups, and reduced crime.

In 2008, Mark was elected to the United States Senate where he broke down bureaucratic barriers and built an impressive record of accomplishments on issues such as fisheries, travel & tourism, transportation, resource development, tribal and Alaska Native interests, the Arctic, education, veterans, commerce, housing and more.

STATEMENT:

When more than half of Alaskans believe we are headed in the wrong direction, it is time for change.

That is why, as Governor, I would:

1. **Constitutionally Protect a Sustainable PFD:** Using a Percentage of Market Value (POMV) formula, I would constitutionally protect the PFD estimated currently between \$1600-\$1800 a year – to grow from there. I would dedicate remaining funds for pre-K-12 education freeing up general funds previously used for education – this year that amount estimated at \$1.6 billion.
2. **Create Long-Term Fiscal Stability:** In addition, my PFD plan to protect the PFD and secure long-term education funding, I believe we must (a) reform delivery of government services (b) move away from paying cash for capital budgets and instead using general obligation bonds (c) only after implementing the above, we may have to review, revamp, or add new revenues if we still have a deficit.
3. **Keep Alaska Families Safe by Reducing Crime in Urban and Rural Alaska:** There are multiple things we can do to get smarter and tougher on crime, but to begin we must address drug epidemic and substance abuse issues, increase coordination between state and local government efforts, and reform the village public safety officers and village police programs.
4. **Harness Alaska's True Potential Through Economic Development & Job Creation:** We must diversify our economic portfolio, create a stable regulatory environment, train our workforce so we can fill Alaska jobs with Alaskans first, and identify new opportunities and industries for growth.

SPECIAL INTERESTS:

Rafting, snowmachining, fishing, camping, hiking,

STATEMENT:

I am running for governor because Alaska needs bold
new leadership, now more than ever.

Reduce spending: Alaska has the nation's highest
per capita government spending—double or triple the
amount in many other states. This is unsustainable. As
Governor, I will introduce significantly lower budgets, and
use my veto pen to reduce the footprint of government.

Declare war on criminals: The explosive growth in
violent and property crime demands an aggressive
response. SB 91 has made crime worse, and I support a
full repeal of this troubled policy. We must end the "catch
and release" of criminals, and instead deliver swift and
severe consequences for criminal behavior.

Protect the PFD: Alaskans' PFDs should be paid in full
using the formula that has worked for decades, and the
PFD should be protected in the constitution. No candidate
for governor has filed more bills and amendments to
protect the PFD. For example, I sponsored SB 1 to
restore the PFD cuts made by Governor Walker in 2016.

Restore public trust: Too many politicians have
squandered the trust of the people with broken promises
on the PFD, taxes, the budget, and other issues. I am
committed to earning that trust back, the only way I
know how: by keeping promises and commitments. By
saying what I mean and meaning what I say.

With the right leadership, Alaska can once again be a
land of opportunity for anyone willing to work hard. I'd
be honored to have your vote.

1. Protecting the P. F. D. using it's historic calculation, along with back-pay to the Alaskan People of all P. F. D. monies taken from them.
2. Monies historically destined for The General Fund (budget) that have been diverted into Off-Budget cash pools are to be redirected back into The General Fund to become available again to pay the day to day operating expenses of The State.
3. A forensic audit of all Off-Budget Trust & Agency Funds, along with a list of every stock, bond, and other investment that each Off-Budget Entity owns.
4. All year end Off-Budget Account Surplus Balances are presently listed as "Assets." This is wrong. Re-Categorize those profits as what they really are; "Excess Revenue."
5. Change the law, so no account can convert yearly profits into Off-Budget "Assets" ever again.
6. Oppose all new taxes, and consider the layer by layer repeal of existing taxes as the Off-Budget Assets & Incomes are Recovered & Redirected back to The General Fund.
7. After the State's day to day operational needs are met; consider a distribution of these excess profits to the People Of Alaska every year, in addition to the P. F. D.

STATEMENT:

I am running for re-election because now more than ever Alaska needs independent leaders who prioritize long-term decisions over special interests and the politically correct.

Long-Term Fiscal Solutions: Byron and I entered office during the worst deficit in Alaska's history. We built a way out of that fiscal freefall. Our administration cut the deficit by 3 billion dollars and reduced the budget to 2007 levels. We restored Alaska's credit rating and replaced shortsighted spending with a long-term plan, stabilizing our economy and protecting future Dividends. Compromise, independent thinking, and some tough decisions put the state back on track.

Healthcare: In 2014, the state was entering an opioid epidemic and had no adequate system to address the unique obstacles of healthcare in Alaska. Today, Alaska is a model for states' response to the opioid crisis, and Medicaid expansion has insured thousands of Alaskans while reducing costs to the state. Byron and I stood with Senator Murkowski and rejected the disastrous healthcare proposals out of Washington. There is still work to do, but this administration has a proven record of increasing access to care.

Independent Leadership: Alaskans and Americans are all too familiar with the crisis of partisan gridlock. Yet many have resigned themselves to political paralysis. Byron and I cannot accept that. As the only Independent governing team in America, we worked with both White House Administrations to realize Alaska's resource wealth. We negotiated with both parties to achieve fiscal compromise. We put Alaskans' interests over the interests of any party.

STATEMENT:

A Voice for All Alaskans

Public Safety First: Our villages, neighborhoods and schools must be safe places to live and work. When crime due to addiction and the opioid crisis creates daily fear, it's time to recognize that the status quo isn't working.

Solve the Fiscal Crisis, Protect the PFD: Slashing the budget, raiding our savings, and cutting the PFD is not a solution. All Alaskans need to come together to support a balanced and fair fiscal plan to guarantee the PFD for our children.

Investment in Education: Our children are the most precious resource we have, with unlimited potential. But they will never reach that potential without excellence in K-12, vocational training, and affordable college.

Quality Careers: Alaskans deserve quality careers with good benefits so they can raise their families with peace of mind. Given Alaska's tremendous natural wealth, every Alaskan should be able to work in a healthy, stable, and prosperous environment.

Protecting Our Rights: As a woman who has worked hard throughout my life, I am a strong advocate for women's rights, equal pay for equal work, and the rights of all peoples regardless of their age, sex, race, religion, or gender.

Leadership and Vision: Alaska is at a crossroads: do we settle for the short term band-aid approaches that got us into the mess we're now in, or do we embrace a bold vision to create a diversified, sustainable future for Alaskans? I have the education, experience, and passion to work for you and Alaska's future.

STATEMENT:

As Lieutenant Governor, Care plans on being a full partner on the Libertarian Governor team. All bills that are intolerant of rights, increase taxes, or force compliance to unjust laws, should be vetoed. As a Libertarian, she is fiscally responsible and socially tolerant in both her private and public life.

Care would encourage legislation that would end the two-primary system and encourage third-party and independent candidates. Legislation should end the "3% rule" that keeps minority parties from qualifying for ballot access, and make illegal the two-caucus favoritism exhibited in our legislature. All worthwhile and constitutional initiatives would be approved.

In 2014, Care ran for Governor against JR Myers, Sean Parnell, and Bill Walker. Alaskans need to elect the Libertarian team to do the Governor's job! Vote for the team that will balance the State's finances by making the decisions that were promised in 2014. Our team will never grow government on the backs of the Alaskan people. Vote for a State of Alaska that puts individual prosperity ahead of keeping the government growing.

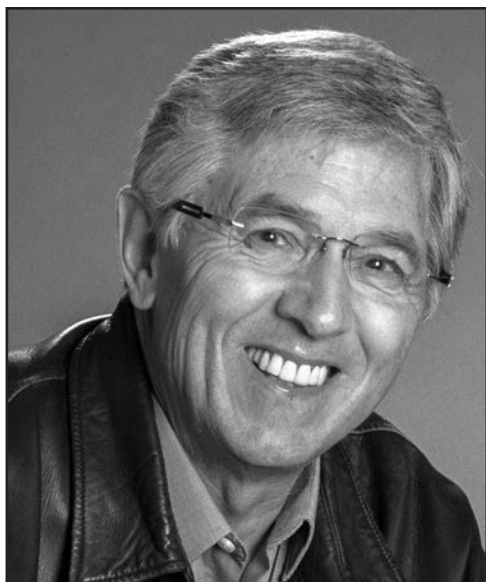

Take the Government OUT of:

- Marriage, Family, and Religious Decisions
- Medical decisions
- Business, private schools, and free trade
- Victimless offenses (i.e., marijuana, e-cigarettes)
- Gun ownership
- Political favoritism (End the two-caucus legislature and state-funded primaries)
- YOUR POCKET (no new taxes, reduce existing taxes, reinstate the full PFD)

STATEMENT:

I am a lifelong Alaskan, passionate about this place and its
people. I know polarizing partisanship is not a path to solutions.
Progress takes leadership, collaboration and hard work. I
have devoted my life to bringing people together to tackle
complicated issues.

The Economy

Coming into office, our administration faced a fiscal disaster. In
four years we cut the deficit by 3 billion dollars, re-established
Alaska's credit rating, and replaced shortsighted spending
habits with a long-term plan that ensures Alaskans' Permanent
Fund Dividends and fiscal stability.

Education

Education grows everything else. Our administration repeatedly
held the line against cuts to school budgets. We have worked
towards universal, voluntary pre-K services, increasing
vocational training programs, and reducing student loan
interest rates. Education is the best investment we can make.

Native Sovereignty

Bill and I have fought to ensure Native sovereignty and
subsistence rights at every turn. We rallied against devastating
cuts to rural education; increased funding for prosecutors,
investigators and 911 services in rural Alaska; and worked with
Native leaders to lower rates of suicide, alcoholism and opioid
abuse. No one else in this race will stand for Native Alaskans
like this Administration.

Further Priorities

Making state government open, transparent and accessible to the
people. Working with all Alaskans to address, adapt and mitigate
climate change and its impact on our way of life. Protecting our
transboundary rivers. Providing a modern and secure election
system. Growing our economy and state transportation system
by strengthening our Alaska Marine Highway.

STATEMENT:

From my humble roots growing up on a rural farm, I have worked hard to gain the trust of Alaskans. Working since high school, I have strived to show the tenacity and dedication necessary to gain the private sector experience critical to bringing the strongest Republican team possible to Juneau in November.

As an 18-year state legislator, I have worked hard on the important issues facing our state: increased focus on public safety, early and forward funding of education, promoted and supported resource development opportunities, and held firm against a statewide income tax.

None of my accomplishments as a legislator would have been possible without the people that I represent. It has been an honor and a privilege serving you. I look forward to working together to ensure that Alaska is a great place to live, work, and raise a family.

I would appreciate your vote on Election Day and thank you for your support!

STATEMENT:

I am a lifelong fourth generation Alaskan with a long family history of public service. My husband Ted and I have lived in Wasilla for over twenty years and have marveled at the the fast growth of the Mat-Su Borough and the many opportunities for new business and real estate investment.

My first term in the State Legislature opened my eyes to the many layers of the state budget. I will work to bring to light a more transparent and accountable budget process so all can see where our public dollars are and what they are dedicated to. There are still many areas in the state budget that can be reduced and I will review each program and each department for efficiency and necessity for state operations, per our state constitution.

I believe that less is more. Regulations and onerous fees or taxes on our industries, businesses or residents does not help in promoting a strong economy or jobs for our residents. We need to responsibly develop our resources, mining, timber, fish, oil and gas to create a robust economy.

I've remained vigilant in fighting for Alaskans PFD's and did not support the raiding of the Permanent Fund for government instead of returning it to all Alaskans.

I am excited to return to Juneau to represent Wasilla and will continue my conservative platform of a smaller government, no income tax, resource development to bring jobs and opportunities to Alaskans. I would appreciate your vote November 6, 2018.

OTHER:

- I arrived in Alaska, July 3rd 1977 and have lived here for 41 years.
- Palmer high and went to their vocational training in Construction trades.
- 1 1/2 years in Youth Conservation Corps and Young Adult conservation Corps. Wonderful programs, taught me a true appreciation for the environment.
- Worked as a carpenter, farmer and then a framing contractor for 8 years.
- Mat Su College and studied agricultural and horticulture for 3 1/2 years. While there, I work as a ground keeper and assistant to the Dean of Agriculture.
- Worked at Air Photo Tech. For the year following the Exxon Valdez spill.
- For the last 27 years I have worked for Anchorage Parks and Recreation. Starting with 15 years with the Horticulture Section as a gardener then operator of heavy equipment and foreman of turf and operators.
- Transferred to parks maintenance and work as a Maintenance Foreman.

STATEMENT:

I am committed to Improving the lives of my neighbors and Alaskans everywhere. Here are three important steps to move everyone forward.

Investing in a robust Pre-Kindergarten through Post Secondary Education System gives young children a step up in school, challenges all children to gain the knowledge and abilities necessary for the 21st century, and assists adults in updating skills for their jobs and their lives. A strong education is key to a rosy future for Alaskans.

Developing an infrastructure to meet current needs and future growth makes everyone's life easier. The Knik, Big Lake, and Meadow Lakes areas are growing rapidly. Building well-planned, safe transportation and trail systems, expanding medical and commercial services, and growing new industries help residents work, play and take care of themselves near home.

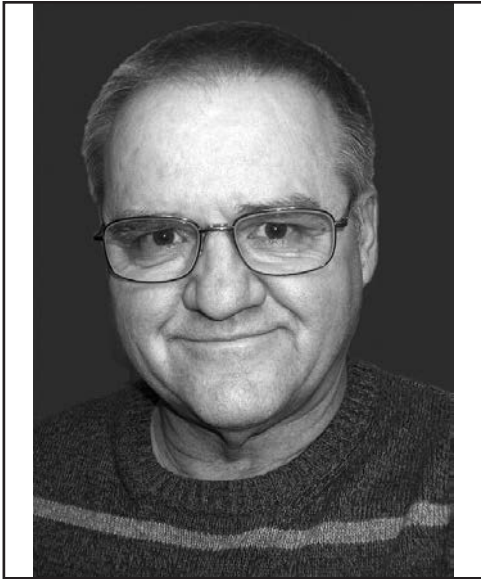

Promoting good paying local jobs give our residents more family hours and provide ways for entrepreneurs to be successful. Good jobs now mean secure futures for workers and fewer elderly Alaskans in poverty. Port Mackenzie is set up as an industrial area. Let's finish the job of making it work for Alaskans by completing that railroad.

Alaska is my home and yours. I will work to ensure that all Alaskans can share in the bounty of our beautiful state.

OTHER:
I am a life long Alaskan by choice who volunteered to serve

the people of his Community, State, and Country for 20 years in Alaska's Army National Guard.

After my military retirement in 2003, I continued to volunteer and serve my community in various deliberative bodies.

These are a few:

- President, Airport Heights Community Council,
- Commissioner, Alaska State Commission on Human Rights,
- Commissioner/Chair, Citizens Advisory Commission on Federal Area's, (CACFA)
- Commissioner, Alaska's Public Office Commission. (APOC)

My willingness to serve has not diminished. Once again I am stepping up to offer my experience and knowledge as a service to the good people of District 8 and Alaska.

STATEMENT:

Some Candidates will tell you their positions as what they intend to do without recognizing they are one of 60 people who make legislative and financial decisions for the State.

My positions are not promise but goals.

Economy.

- A State constitutional amendment preserving the traditional Permanent Fund Dividend.
- A State constitutional amendment that stops deficit spending.
- No additional taxation without a vote of the people.

Crime.

- Prioritize prison space for the most violent offenders.
- Make mental health and addiction treatment funding within the Department of Corrections proportional to the problem.
- Ensure those convicted have the means to pay restitution to their victims

Election reform:

- Remove the 3% requirement for official party status.
- Eliminate state subsidized primary elections.

Resources.

- Work with congressional delegation to ensure the Federal government complies with the law in particular, the Statehood Act and ANILCA
- Ensure that Alaska's natural resources are managed for the primary benefit of all Alaskans not for special interest groups.
- Restore sustainable fish and game populations, making use by Alaskans the highest priority as our Constitution states.

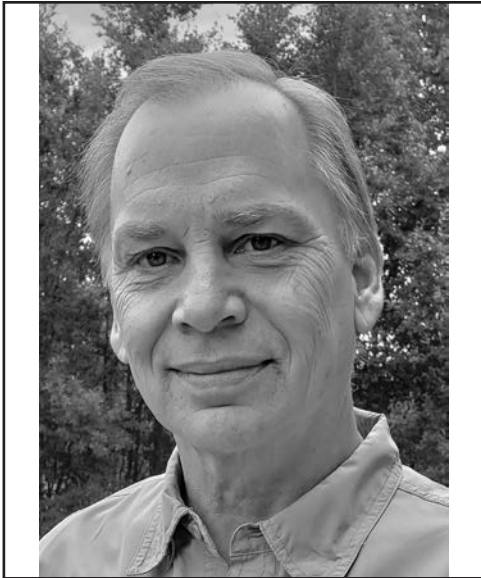

I hope to achieve these goals not by joining caucuses or selling my votes, but by working with all parties, making the strongest, most rational case I can.

With your vote and help we can limit state government to it's rightful role as defender of the individual's rights, creating prosperity and security for all.

As a young man, the lure of Alaska drew me to this Great state and still retains a tight grip. I met and married my wife, Adel, in 1983. We raised 2 children, Matthew and Amanda. We actively participated in their education at Big Lake Elementary before deciding to homeschool for about 10 years.

I worked in many areas of the construction industry: building homes; heavy equipment operator; and mechanic. I also started and ran a custom woodworking business for 11 years.

With our family growing the commitment to make and keep Alaska's economy strong has never been greater.

STATEMENT:

I do not and never have supported using the Permanent Fund Dividend for government spending. Removing those funds from our local economy has been devastating to our local businesses. We must continue, at this time, to reduce the size of government, which will be even more difficult to do with the implementation of revenue from the PFD. The people have said "reduce spending first!"

The time I have spent working and talking with the people of our District and around the state has been a positive experience. Learning to listen to the needs and implementing those needs is a great challenge but one we can handle together. It is imperative to find new ways to diversify our economy.

It is time to utilize our natural resources more, add value to them and create jobs for Alaskans. Getting government out of the way with regulation reform.

I am a strong supporter of gun rights for the individual, sponsored and passed "Stand your ground" law. I will always be active in supporting fishing, hunting and trapping opportunities for all Alaskans.

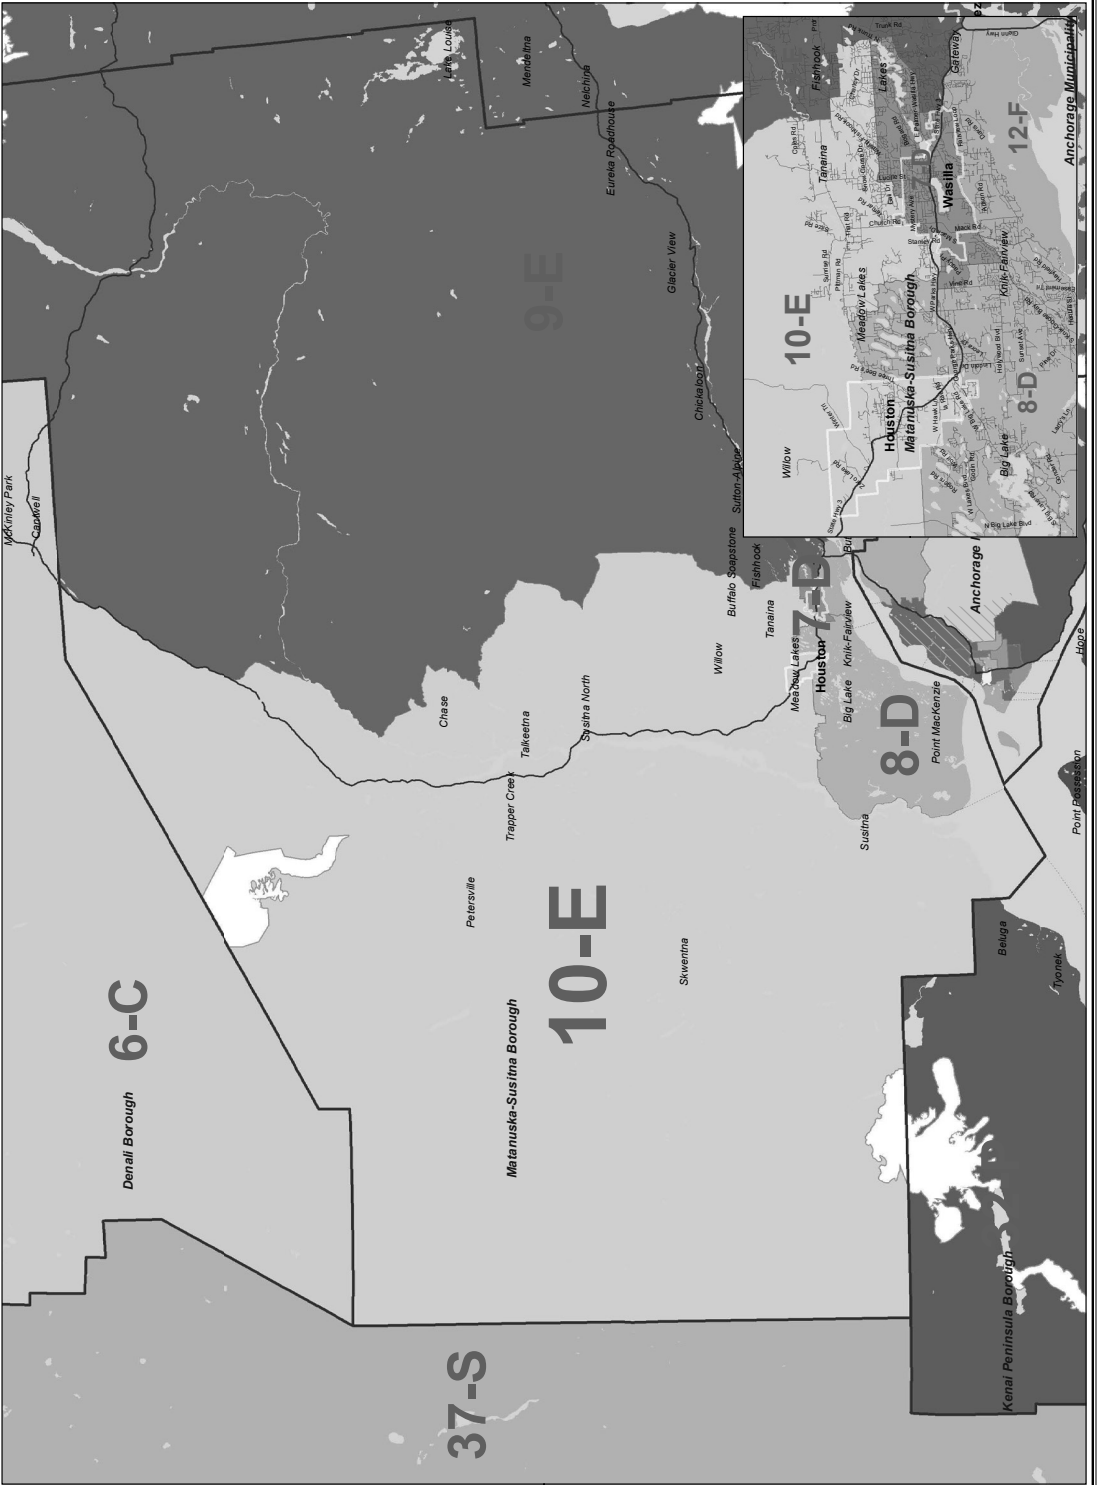

This is a time in Alaska's history where we need to turn government around. I have heard you. You want less government control of your lives, as I do also, that is my goal.

Thank you for taking the time to become better informed. My name is Mark Neuman and I am asking for your support.

STATEMENT:

Inclusion means each voice has purpose and value.

Diversity is where solutions are discovered.
Cooperation is the WORK that brings success.

Belief that we “The People” are the one resource that can awaken to bring balance to the budget and reason to the Permanent Fund.

Perfect faith that communities can calm the madness in Juneau. Trust in the ONE resource that brought us through earthquakes, volcanoes, tsunamis, long shore men strikes, oil discovery and spills, wildfires, recessions, climate change and health care shortage. Community is the key to unlock our potential.

Subsistence is belief in maintaining and supporting oneself at the minimum level. The abundance of Alaskan waters, streams, farms and wilderness has fed my family. The stewardship of balance is dynamic, as also the geography of District E. Strength of community can hold the banner of freedom with resolve to do what is hard. Wise management of natural and renewable resources with awareness that all action creates a ripple response, magnifying upon return.

The future is today! Cooperation will bring sound government, allowing Districts ability to develop new industry, renewable energy and health care delivery options. Investing in education, as the foundation to stability in economics, promoting diversity in development will become the windfall in our future.

Youth leader's partnerships with private business and non-profit organizations will bring new perspectives and community participation.

The weapon that protects our freedom is our VOTE.
Aim TRUE.

STATEMENT:

I am a conservative Christian, military veteran and believe our Constitution is the definitive guiding principle of our nation. I believe in limited government, states rights vs. federal over reach, personal freedom & privacy and individual responsibility for one's actions. I was appointed in February to serve in the Senate and have seen enough to convince me we must change how business is done. I refused to join the Republican majority caucus. Joining requires members to vote for the budget and along party lines for various circumstances. This is unacceptable to a military veteran who fought for freedom, not to be told how to vote. I want an open caucus where leaders must earn votes by doing the right thing (i.e. sustainable budgets). I fought and voted for an amendment to enshrine the traditional PFD formula into the constitution so the people will always get the 50% share the law dictates, so the dividend can't be reduced as this governor and legislature have done for 3 years. I pushed for a constitutional budget cap to limit government growth and costs and will continue to fight until it becomes reality. I joined with a democrat and republican to force a hearing on repealing and replacing SB91 (the failed criminal justice reform bill). I'm doing this for our kids. I'm a fighter not a politician and won't back down. I want whats best for our state. I have a proven track record of standing up for Alaskan's, not just campaign promises.

STATEMENT:

Statesmen and authentic public servants devote themselves not only to the present, but also to future generations. Politicians, on the other hand, focus on the next election. I aspire to be a statesman. It is true, to those who protect it, freedom has a special meaning the protected may never know. As a military veteran, former police officer and as a first responder, I have been humbled to carry the torch once held high by better men than I, many of whom gave their lives on our behalf, and left us a legacy of freedom and safety unknown in most parts of the world.

As a police officer, I am familiar with the challenges that members of the Alaska law enforcement community face as they strive to protect the safety and property of Alaskans on a daily basis. As a firefighter, I welcome the opportunity to fight other people's battles for them, and to use my training to protect lives and property. I will bring that experience and commitment with me to the state legislature.

Experience and philosophy both lead me to the strong conviction that Alaskan families are best served by limited government that empowers them to exercise self-government and enjoy the fruits of self-government handed down to us by American's founders. Parents should be empowered to choose the very best education for their children. Private enterprise should be empowered to create jobs through limiting excessive government regulation, and the pursuit of responsible resource development.

STATEMENT:

I am running for House District 10 because I have simply HAD ENOUGH of fat cat politics and backroom deals including our elections. I'm pretty sure a lot of people are sharing that frustration. It's time for ordinary people to represent Alaskans. The legislature has been stuck for too long because of the influence of special interests and their various power brokers and yes they are in both parties. We need to break that hold and we have start to somewhere. It's about us as Alaskans. It's about our children and our grandchildren and the kind of community, state, and planet we leave them. Not interested in partisan politics, I aim to advance real discussions about what can be done to expand local economic opportunities, strong resilient communities, get special interests out of Juneau, and protect OUR interests. I want to move to ranked choice voting so we can experience a real choice. We are in this together - we are the solution we have been waiting for.

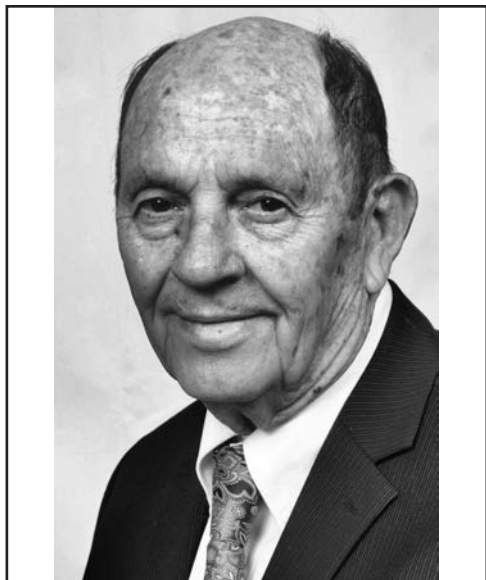

With years of unions and community building, I have a broad field of knowledge and skills including service on the Police, Tax, and Planning Commissions. I remain involved with many groups, including Elks, Lions, IBEW,. I am a lifelong advocate of workers' rights and accountability in leadership -- I will continue to be an advocate for workers and accountability. I will be an advocate for the changes Alaskans need, including a narrowly defined Conflict of Interest for legislators.

ENOUGH!!!! VOTE!!

STATEMENT:

I would ask you to give me a chance to serve in the next legislature. I believe it is essential to decrease the cost and scope of our state government as well as the number of regulations that control our lives. As Matanuska-Susitna Borough Assemblyman, I was responsible for eliminating the cities and borough Personal Property tax, co-sponsored changes to decrease the airplane tax, made the motion to create the Local Road Paving program and we accomplished these programs without an increase in taxes. I will not propose new taxes unless the voters approve them. I understand our constitution and the rights it affords us. I will protect them to the best of my ability and treat all people fairly and equally. Your opinion and input is important to me. Before I push that button, I always make sure I understand how that decision will affect your future and your life. You will be proud of my attendance record, my understanding of government, my integrity, my dedication, my honesty, and my proven leadership ability.

STATEMENT:

I am committed to getting Alaska on a sound fiscal path, with a practical voice and the backbone to stand up for Alaskans.

Our current woes originated with a drop in oil price and production. The resulting revenue decrease has been ignored and that just doesn't make sense. Alaska is at a crossroads. State government continues to spend beyond sustainable limits, while proposals to pay for this expenditure have resulted in taking away half your PFD check, attempting to impose new taxes on wages and raiding our Permanent Fund earnings reserve. Further, short sighted bills like SB-91 were enacted, externalizing the real cost of crime onto hard working Alaskans and helping to create a crime wave unprecedented in Alaska's history.

My objectives as your representative are straightforward:

- Substantially reduce State spending on non-essential services
- Promote development of our natural resources.
- Distribute a full PFD, as described in current statute.
- Repeal of SB-91, and promote public safety.
- No new income taxes.
- Advocate for early education funding.
- Ensure veterans and seniors can maintain quality of life.

It has been an honor to serve as your elected official. I appreciate the trust given to me and understand that I work for you. I respectfully ask for your continued support. Call me anytime at 355-8866.

MILITARY SERVICE:

my husband, Adam. Adam grew up in the Butte and

graduated from Palmer HS. He brought me home to Alaska after we completed our military obligations. Nine years and two kids later, he's still my favorite battle buddy!

POLITICAL AND GOVERNMENT POSITIONS:

I represent District 2 on the Mat-Su Borough Planning Commission.

BUSINESS AND PROFESSIONAL POSITIONS:

Former marketing director at Algone

SERVICE ORGANIZATION(S) MEMBERSHIP:

I served on the non-profit board that operates Turn-A-Leaf thrift store as well as the only Reentry program in the valley - Valley Charities, Inc. I volunteered with Family Promise Mat-Su as an overnight host and meal provider. I partner with the Mat-Su Opioid Task Force to educate our community and prevent crime.

STATEMENT:

Palmer is an awesome community! As a mom of two kiddos growing up in Alaska, I will keep what makes us special by continuing to develop our strengths and assets. For example, it is time to do more than talk, decade after decade, about the potential of value-added agricultural processing. It is time to start investing and turn ideas into action. I am especially excited to work with the developing industrial hemp pilot program and catapult Alaska to the forefront of this new industry!

I am also committed to leading the way in addressing our challenges.

Our government has become out-of-touch with everyday Alaskans. The elites make a show out of asking us what we want with public hearings and work groups, but rarely take action on what we say. As both a borough planning commissioner and addiction recovery advocate, I have witnessed entire communities being ignored in favor of an establishment with a long history of cronyism and backroom deals. There is even evidence of Alaska legislators refusing meetings with citizens who did not donate to their campaign.

Alaskans need a leader who will do more than put on a show and pretend to listen. I am currently developing draft legislation that would require some elected officials to create opportunities for their constituents to be heard. My "Face Time Bill" would hold our elected leaders accountable to the people, and empower communities with the ability to drive conversations and build pressure through mandatory minimum face time.

STATEMENT:

Voters deserve a choice.

I grew up in Chugiak and love my community. It's been "Home" for over 30 years, but it has undergone incredible growth and change. We need a representative who recognizes that growth as an opportunity and embraces it with enthusiasm. I offer a progressive voice for voters of District 12 and a choice that looks "North to the Future".

As the state faces staggering budget deficits and rising crime, it's not easy to focus on anything other than the problems right in front of us. But we must start planning for the future:

We need to move towards renewable energy and diversifying Alaskan energy resources. Not only does it make environmental sense, it makes economic sense.

We need commuting alternatives in Chugiak and the Valley. With Anchorage bus routes being cut and Bridgepocalypse, this year highlighted the transportation problems that our district faces.

We need to diversify our economy and support budding industries. I support Alaska's growing brewery and distillery industry and will fight burdensome regulations.

For too long Alaska has led the nation in rape, sexual assault, and violent crimes against women. If elected, I will fully support efforts and legislation to combat these issues. I'm committed to ending the backlog of untested rape kits (see www.endthebacklog.org) and making Alaska a safer place for future for Alaskans.

OTHER:

I am a lifelong Alaskan who grew up in Anchorage and have lived in the MatSu for over 30 years.

While growing up in Anchorage, I spent many of my weekends and summers with my grandparents in Chugiak learning skills like hunting and fishing and the importance of hard work and commitment.

After graduating from Service High School, I earned a certificate in Accounting and Travel from Alaska Business College.

In 1980, I moved to Big Lake where I began working for a local law firm and started my family. Later, I went to work for the Mayor of Wasilla soon after the City had been designated a first-class city.

As a lifelong Alaskan and long-time Valley resident, I **KNOW THE ISSUES**. As an active member of our community, I **UNDERSTAND THE ISSUES**. As ***your*** state representative for the last 4 years, I have **CONTINUED TO LEAD ON THE ISSUES**.

STATEMENT:

I am the "Common-Sense Conservative" for House District 12. Listed below are highlights of my positions and legislative accomplishments:

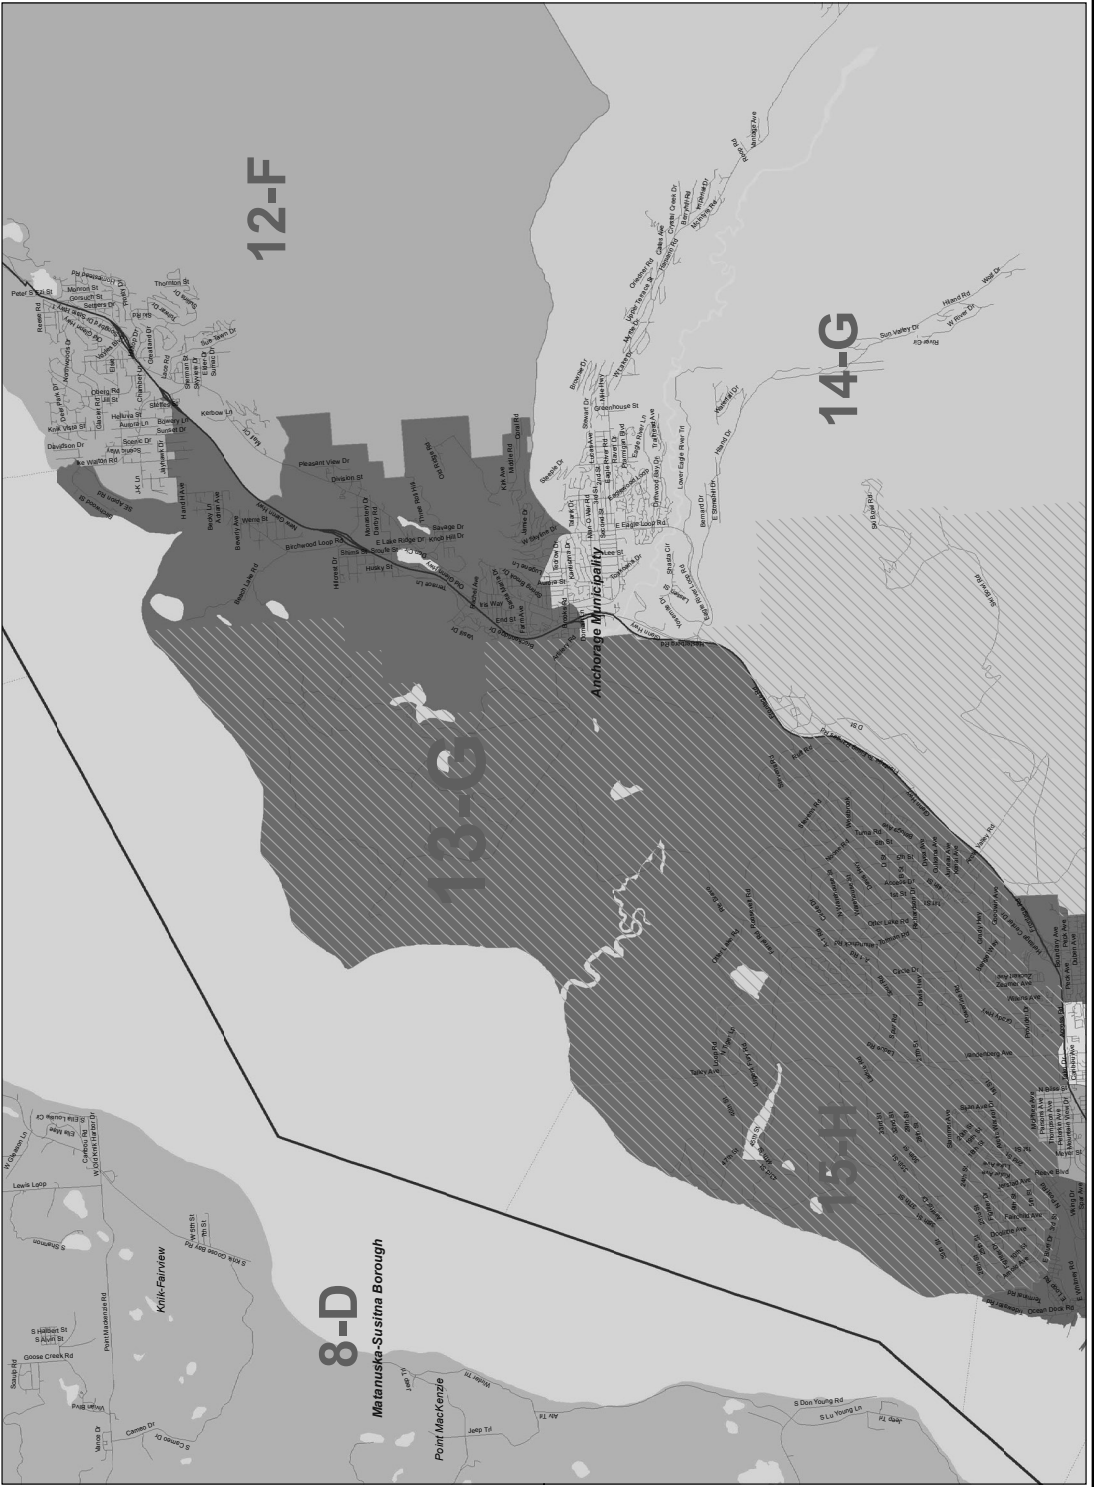

- I voted NO on SB 91 (the "omnibus" crime bill). SB 91 was strongly opposed by law enforcement and victim's rights groups. In addition, I was the author of amendment 11 to SB 54 which would have completely repealed SB 91.
- As the current representative for House District 12, I have helped reduce state spending and proposed dozens of other specific reductions to state spending.
- I have voted against every effort to reduce that statutory dividend calculation and I support allowing Alaskans the right to vote on any change to the formula.
- I authored a new constitutional spending limit that, if adopted, would prohibit ANY spending increases during a deficit.
- During the 30th Legislature I co-sponsored legislation that would move the legislative session out of Juneau.
- As a conceal-carry permit holder, I strongly support Alaska's "castle" and "stand your ground" doctrines.

Visit cathytilton4alaska.com/issues for a complete list of my position statements. Feel free to contact me directly at 907.521.8426 or tilton4statehouse@gmail.com if you have additional questions.

STATEMENT:

As a lifelong Alaskan, I care deeply for the people and future of our Great State. As a true conservative I believe in smaller government, traditional family values and the American Dream. I bring extensive business & management experience to the table. I've earned the reputation as the BOLD Conservative Leader, and fought the establishment to secure your rights & a brighter future for Alaska.

I take my oath to uphold and defend the State Constitution seriously, and will fight to protect your Constitutional rights.

On key issues, I've been on the RIGHT side of the fight for Alaskans:

SB91, the "Light-on-Crime Bill": I fought vigorously and voted wisely AGAINST SB91. I warned Alaskans in an OpEd of "Dangers lurking in SB91." Public safety is government's most important mandate & I am leading the fight to repeal SB91 that endangers Alaskans & damages our economy. My primary opponent voted for SB91.

Government Spending: I've spoken boldly and voted consistently against bloated state spending. I've orchestrated symposiums and promoted numerous budget cuts and exposed a flawed budget process.

Protecting the Permanent Fund Dividend (PFD): I've voted consistently to protect the full PFD. Government spending must be reduced and the original PFD formula restored. In 2017, my opponent voted to cut your PFD.

My public record speaks volumes of my commitment to the well-being of my constituents and Alaska's future. I would be honored to continue serving you and request your vote.

Vote BOLD to elect Lora ReinBOLD as your State Senator!

United States Marine Corps, Gunnery Sergeant.

SPECIAL INTERESTS:
Shooting, Rotary, Rugby, Hunting, Dip Netting, Hiking and Camping.

OTHER:

I joined the Marines at 18. In 2003, I served in combat in Iraq as a part of the "Tip of the Spear" under General Mattis.

In the Marines, I served as: Drill Instructor, Inventory Manager, and Instructor at the Officer Candidate School in Quantico.

After years of serving around the globe in the Marines, my wife, four children, and I chose to settle down in Alaska. Three of my children go to Ravenwood Elementary and my oldest is a student at UAA.

I am running because the career politicians had their shot and failed. In the Marines I learned: "Lead, Follow, or get out of the way." I'm here to lead.

STATEMENT:

Government Spending- I am a strong fiscal conservative. With my experience as an Inventory Manager in the Marines, I understand better than most the importance of being vigilant against budgetary waste. I will fight for responsible government spending and to eliminate government waste.

Crime- SB91 is not working. The current level of crime in our community is unacceptable. Every Alaskan should feel safe in their homes and community. We cannot re-elect lawmakers who vote to cut law enforcement and defund prosecutors.

Schools- Quality education is the foundation for student achievement and economic growth. I will be a strong supporter of our students and teachers.

Jobs- I will work to diversify our economy, bring new industry, and support our small businesses so that we have a stable and robust economy.

PFD- The PFD should not be used to bailout the government. I will defend your PFD by fighting to place it in the Alaska Constitution.

Veterans- As a Marine, I will fight for the needs of all of Alaska's veterans. Honorable service deserves honorable representation in Juneau.

Healthcare- Healthcare and health insurance costs are crushing our families and state budget. I will fight to address this problem facing so many Alaskans.

Regardless of your political party, I am here to be your senator. I am working hard and I would be honored to have your vote.

-Respectfully,
Oliver Schiess

Spending time with our 9 grandchildren (with another one on the way), reading and traveling.

STATEMENT:

It is an honor to again ask for your support to represent you, residents of District 13 (Eagle River, JBER, Chugiak, and Anchorage), in the Legislature.

I love working with people ~ together we can move our communities and state forward. To do this, we need to elect those who believe in a conservative, common sense and cooperative approach to the issues.

Tough On Crime. It's our responsibility to provide law enforcement the tools to do their jobs and mandate punishments commensurate with the crime. Residents deserve to feel safe!

Protect Your PFD. The public's trust is broken by the actions taken in Juneau. My record is clear ... I have always and will always defend your dividend. It's time to let Alaskans vote to protect the fund in our Constitution.

JOBBS! We must focus on all the relevant issues that impact Alaska's future prosperity: our children's education, safe communities, and ensuring our private sector economy (jobs) can grow and prosper.

Alaska's Military. We play a strategic role in our nation's security. I am proud to honor, support and champion our veterans, active military men and women and their families in the legislature.

With a proven record, I have the experience and energy to hit the ground running. I'll defend your PFD, fight for a balanced budget, work tirelessly on behalf of our military and veterans and promote essential community projects.

This job really is about people - you!

I would very much appreciate your support.

OTHER:

In 2015 I had a choice to make: either get sent to a new duty station, or retire from the Army and stay in Alaska. I chose Alaska! And now I am asking you, Alaska, to choose me.

STATEMENT:

I have served my country with pride and honor, and I am ready to serve again. I will make job growth, education, energy, and the PFD my top priorities.

Alaska has the highest unemployment rate in the nation, at 7.3%. This unacceptable and must change. I will increase job creation where we need it the most, in small businesses and the renewable energy sector. The more small businesses we have putting more people to work, the better off we are as a whole.

I believe in a properly funded quality education for our children. They deserve nothing less, and I will fight everyday to make sure they have it. Also, teachers are the backbone of our educational system, and the primary touchpoint in our children's academic lives. We must restructure our educational funding to reflect this.

I support the monetizing of Alaska's natural resources only if it is done in a safe and environmentally responsible manner. All Alaska energy and resource development should be conducted with a "do no harm" mentality.

We must also have a comprehensive, long-term fiscal plan that provides for essential government services and infrastructure, includes community revenue sharing, and protects the Alaska Permanent Fund and its dividends. Alaska should be able to operate on a continuing basis without borrowing from the PFD, State Reserve Funds, or Permanent Fund principal.

STATEMENT:

With the State still facing a multi-billion dollar deficit, we need representatives in Juneau who are willing to set aside party politics and work together to develop a long range fiscal plan that will ensure the prosperity of Alaska. That plan must include a balanced combination of strategic cuts, new revenue sources, and responsible use of the Permanent Fund earnings to ensure a vibrant future for the next generation of Alaskans.

As oil revenues decline, we need to find creative solutions to diversify this economy. Having worked in both the oil industry and public education, I appreciate the challenges presented by shrinking budgets. I also recognize the value of responsible investment in both the public and private sectors. We need to make strategic cuts when necessary, but we also need to make sure we protect and expand the basic infrastructure that makes Alaska such a great place to live.

As a 34 year resident of Eagle River, I understand the diverse interests of this community. I am running as a nonpartisan candidate to provide a common sense, independent voice for the people of District 14. I believe there are reasonable solutions to Alaska's fiscal problem. I believe the people of Eagle River are ready to set aside partisan politics. And I believe we need to act now, to create a vibrant Alaska for future generations.

STATEMENT:

I'm Republican Kelly Merrick, a lifelong Alaskan with a passion for bringing people together. I am a firm believer that when we listen more than we speak good things can happen. My aim is to heal the divisiveness that has plagued Juneau and to find solutions to move the state forward.

As a strong conservative, I commit to defend the PFD, oppose taxes, and protect the sanctity of life. I am determined to fight for the repeal of SB 91 and impose strong penalties for auto thefts, home invasions, burglaries, and violent crime. Catch and release policies must be replaced with hard time for criminals. I understand the opioid epidemic must be addressed as addiction is putting more criminals on the street.

Alaska is a resource state. I know without robust investment in developing those resources—including oil, minerals, fish, timber and other resources—the state will likely never close the fiscal gap. We must safely develop our natural resources to boost revenues while getting spending under control. I am dedicated to creating good jobs for Alaskans and to get the economy growing again.

As your next State Representative, I will be a common-sense advocate for conservative values in Juneau. I am proudly endorsed by Congressman Don Young. With experience working for trusted Republican leaders, I will be an effective voice for the people of Eagle River.

STATEMENT:

I'm honored to be running in the General Election for
Alaska State House to represent our community in
Juneau.

Of the hundreds of people I have spoken to at events,
at their businesses and at their homes, I consistently
hear how people want to protect our PFD, pass a long
term sustainable state budget on time, have a safe
community, and improve education.

Voters in our community tell me the tax burden should
be equitably shared, and they point to their frustration
with big oil and gas companies who also need to pay
their fair share of taxes to support public services that
we all use—including roads, public safety and schools.
Legislators who handle the oil and gas companies with
kid-gloves, and let them off the hook from paying their
fair share of taxes is unacceptable.

To achieve these goals, we must all work together,
listen to each other, and participate where we can in
our communities. I've been an active member of my
community for over 20 years and I want to take our
community's vision to Juneau and pass public policy
that positively impacts the lives of people like us who
play by the rules.

Our legislators need to develop a diversified state
economy which brings good jobs with benefits, a full
PFD check, and neighborhoods that are safe and
thriving.

I love our NE Muldoon community—and I'd like your
help to make it even better.

I'm Lyn Franks and I am asking for your vote.

STATEMENT:

I'm running for reelection because state government impacts the lives of each and every Alaskan.

I go door-to-door more than any other elected official, and I know the families who call Muldoon and JBER home. We are a diverse community of hard working people, of all ethnic backgrounds, who care deeply about the quality of life in East Anchorage.

As your Representative I have fought – and will continue to fight – for your full Permanent Fund Dividend, for full funding to guaranty a quality education for every child, and to fix our criminal laws so that we put criminals in prison and we are safe in our homes, in our parks, and on our streets.

I have a deep personal commitment to advocating for our military service members and their families who call East Anchorage home. I served as Co-Chair of the House Military and Veterans Affairs Committee for two years, and as Vice-Chair for four years. I now serve as a committee member of the Joint Armed Services Committee and previously served as Co-Chair of that committee.

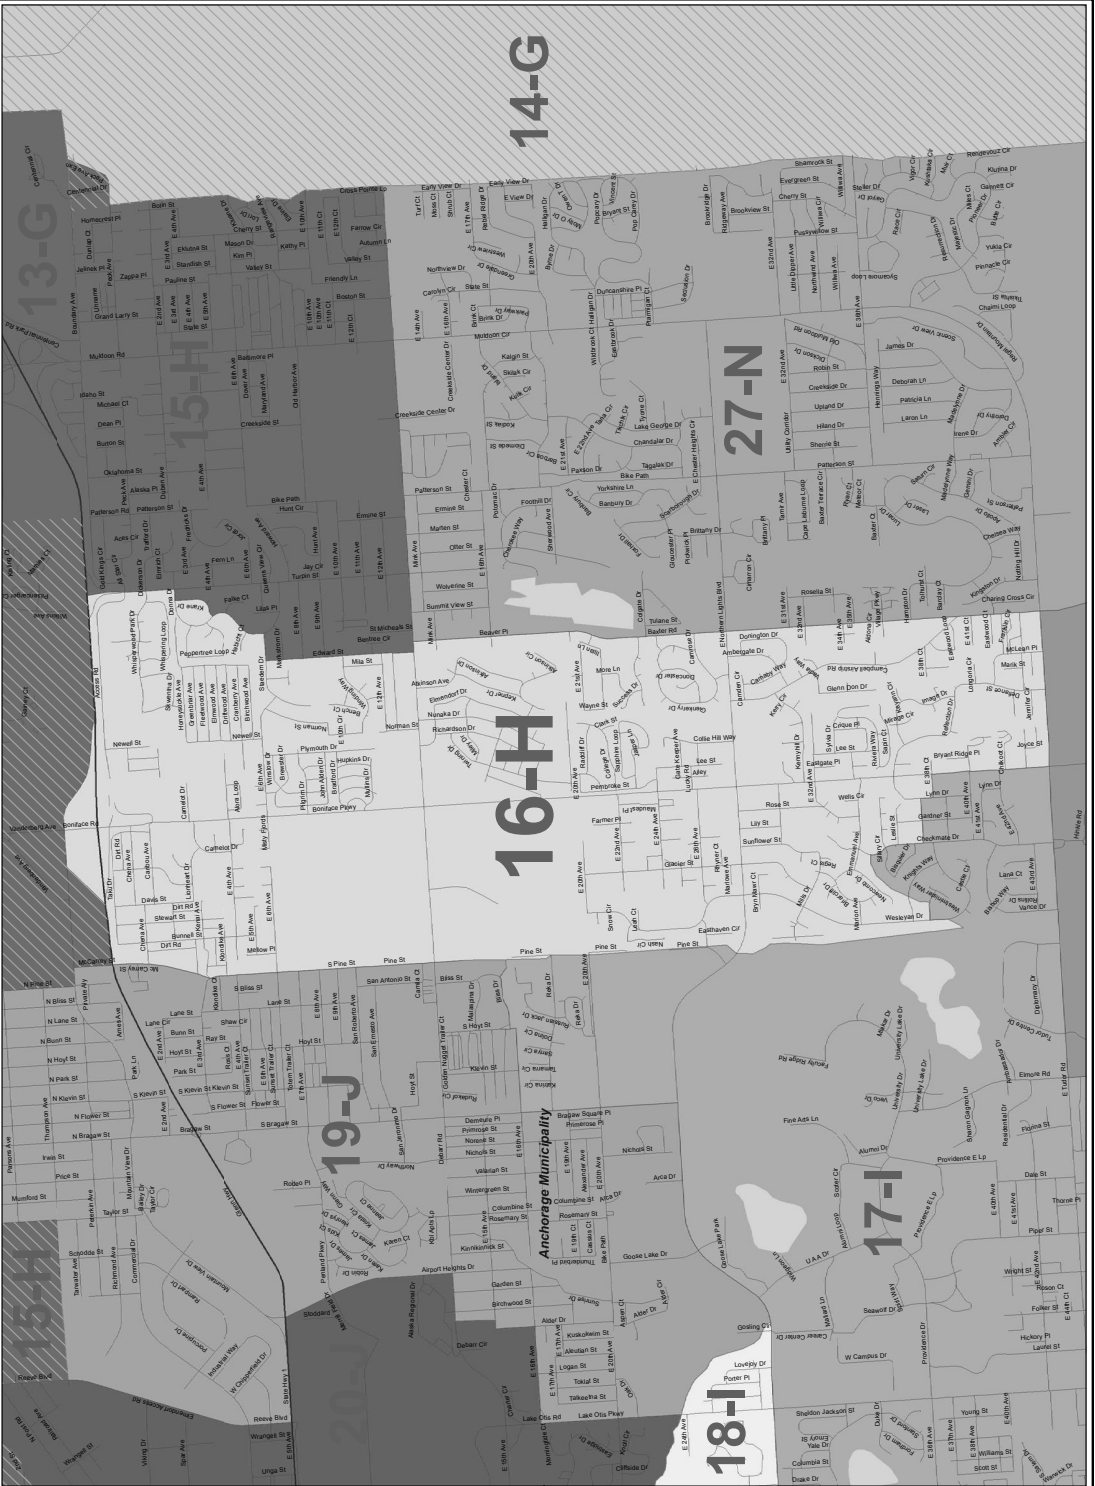

The experience and knowledge I have developed serving in the State House will ensure that our area is well represented in a time of shrinking revenues.

Your concerns are my concerns; good schools, good parks, good roads, and good opportunities to make a living wage and provide for our families. I want the next generation to enjoy the same opportunities that were there for me when I came here 40 years ago.

STATEMENT:

It has been my honor to serve as representative for District 16 for the past 2.5 years. As your representative, I have worked tirelessly to find common-sense solutions to the difficult problems Alaska faces.

As a third-generation Alaskan, these issues are personal to me. I have advocated for Alaskans' best interests, made difficult decisions, and collaborated with others to pass important legislation and a fair budget.

As your legislator I have:

- Passed landmark health care price transparency legislation to help drive down health care costs.
- Helped fight for increased funding for K-12 and pre-K programs for the next two years.
- Supported increased investment in public safety for new troopers, police officers, prosecutors, and public defenders.
- Worked to secure additional addiction treatment beds to address our state's opioid epidemic.
- Fought for funding for our city's aging port.
- Chaired the Health and Social Services Committee, advancing legislation making health care more accessible in Alaska.

But I am not nearly done. When there is inaction or poor decision making in the legislature, Alaskans bear the cost. We need legislators who will work hard, get things done, and collaborate across party lines to make innovative changes. I will continue to be that legislator for you, bringing East Side Pride to Juneau.

I am running for State House in District 16 to work for a brighter future for Alaska and the next generation of Alaskans. As your representative, I pledge to always do what is right over what is easy.

Thank you for your vote.

I have always believed in fighting for what's right. I joined the US Navy to help defend the rights of my fellow Americans. Over a period of time, I realized that being a public servant will forever be a part of who I am. I became motivated to run due to the many obstacles that blocked my autistic son's path to education. We were in a constant battle for the services my son needed for a proper education.

It would be an honor to represent your voice in Juneau. It is important that we understand that the PFD belongs to the citizens of Alaska. No one in Juneau should have the power to decide how Alaskans PFD is spent without asking you. We have to protect it by putting it in the Alaska State Constitution.

Taxes should be a last resort. We need new ideas that will keep the burden of taxes from Alaskans. Taxes should only be passed by citizens, in a statewide election.

Our government needs to live within its means. We need to fix the constitutional spending cap. This will ensure an end to the deficit spending by forcing our government to live within our means.

SPECIAL INTERESTS:

Hunting, fishing, Protecting the Alaska Permanent Fund and the dividend.

OTHER:

Third generation Alaskan with a fourth and fifth generation in Alaska.

STATEMENT:

As past President of Permanent Fund Defenders, I listened to Alaskans about their dividends. They understood the current Governor and Legislators want more money; more oil taxes, a personal income tax and to take our dividends. They got half of it each of the last three years. No more.

The dividend is the people's money, not a pool to be confiscated for a larger bureaucracy. Cutting dividends caused Alaska's recession. We just lost another 2,000 jobs.

My family has been in Alaska banking and real estate since 1898. We've built companies that expanded jobs. In banking, I learned to read financial statements. In my research, I found the waste of \$376 million; housing money that was hidden then spent on the Governor's pipedream. It is one example of foolish spending I'll stop.

Alaska small business lacks capital. Our economy needs private sector jobs. With proper management of our assets, Alaskans can expand jobs. Our Permanent Fund earned over \$6 million each of the last two years. We didn't have a deficit. In FY 2017, we had a \$3.9 billion surplus. It's right there in the state's financials.

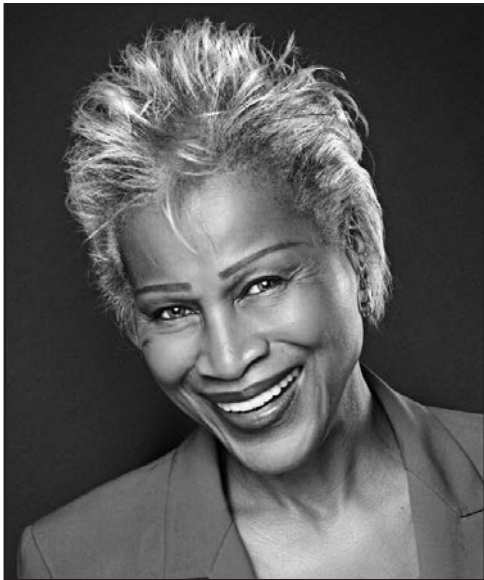

Let's grow small business jobs in tourism, military support, resource development, fishing, retail and wholesale trade. I have a plan to expand small business in Alaska. I ask for your vote to accomplish that goal.

Let's stop the budget shell games. Implement zero based budgeting. Fix the Constitutional cap on expenses. Stop catch and release crime. And keep their hands off our dividends.

SPECIAL INTERESTS:

Cooking, Gardening, and Fashion Designing

OTHER:

In 1982, I moved to Alaska from New Jersey with my young son, Ramon. As a single parent, we experienced the challenges of life in a new city. I made a career of public service, initially working as an executive secretary in the Public Transit Department, followed by Administrative Assistant, Senior Budget Analyst and Director of the Anchorage Assembly's Budget and Legislative Services Office. In 2008, I was elected to serve the Midtown District and served for nine years. My ability to listen, assist and **represent the interests** of constituents is my most valuable contribution to the community.

STATEMENT:

My first priority has always been **representing the people of Anchorage**. Now, more than ever, we need people in Juneau that are focused on **working together** and putting Alaskans first. I will use my budgetary expertise to work to develop a **comprehensive and sustainable fiscal plan**. While serving as Director of the Assembly Budget and Legislative Services Office and as a member of the Anchorage Assembly, I developed a reputation as a champion of fiscal responsibility. I am committed to **keeping our community safe** by ensuring that an adequate number of police officers, firefighters, and other emergency service personnel are able to do their jobs effectively. It is also important that the Legislature **revisit SB 21** in order to retain those statutes that have worked and remove those that have not worked. Public safety includes ensuring that all citizens have access to sufficient healthcare which requires funding for Medicaid. **Maintaining and improving our infrastructure** is vital for economic growth which will also provide **sustainable jobs** for the hardworking men and women of Alaska. Our children are the most important investment we can make – they are our future. For that reason, it is essential that the **Base Student Allocation is inflation-proofed and appropriations are forward funded** in order to avoid unnecessary teacher layoffs. In addition, we must adequately **fund the University of Alaska system**.

SPECIAL INTERESTS:

Backpacking, baseball, fishing, skiing, running/swimming

STATEMENT:

I'm the only member of the Legislature spanning the last 6 years to have never missed a Floor vote of any kind—ever! My attendance at committees is also exemplary.

I'm the proud author of HB 23, a bill providing healthcare to surviving spouses and children of first responders killed in the line-of-duty. For the last 6 years, I've supported good Republican legislation, while fighting the GOP's bad legislation.

I'm a legislative leader relative to supporting the civil rights of same-sex orientation persons.

I've also been a leading advocate and staunch supporter of the protection of wild animals, waters and lands.

I defended victims' rights in the 2016-2018 sessions.

Finally, I was a leading champion of the State's receipt of Medicaid Expansion dollars.

I Will Continue To:

*Oppose the Pebble Mine: We shouldn't trade renewable resources for non-renewable resources, especially when local communities most directly impacted by a project oppose it.

*Oppose Vouchers: We shouldn't become islands unto ourselves. Our country was built on public education. It should be about "We", not about "I".

*Oppose Electing Our Judiciary: We have the finest state court system in the country. It's impartial and totally apolitical.

*Support the Biggest Economic Project in Alaska History--AKLNG--if it pencils out and helps our State Treasury!

*Support Oil Development, especially onshore.

*Support the Full-Funding of Our Public Schools.

*Support the Rights of Workers and the Dignity of Individuals.

*Support a Comprehensive Fiscal Plan—I've Taken Tough Votes and Won't Dodge This Crisis!

STATEMENT:

I'm Marcus Sanders.

I'm a husband, a father, an educator, a pastor, and a mentor. I'm proud to say that I have lived in Anchorage my entire life,

I went to school here, I got my first job here, I married here. For the past few years, I've been the safety, security, and discipline specialist at Wendler Middle School, teaching and mentoring kids -- many of whom had a similar upbringing to me.

My parents worked hard to provide for me and my brothers and sister, but they still encouraged me to better myself through quality education and community engagement. I was told in school that I'd never amount to anything -- that all I'd ever become was a worker at a fast food restaurant.

I refused to let that message discourage me.

If we are going to get serious about our community's problems, we have to be ALL IN.

I'm not running for office because I want to become a politician -- truthfully, I don't. I enjoy teaching and mentoring. But I am desperate to help solve the problems in our community -- the rising crime, lack of opportunity, and, in many cases, a total lack of quality mentors available to kids. I don't ever want a child in Midtown to be told what I was told growing up. They deserve better than that.

I don't expect to have your trust and support by default, but I will do everything I can to earn it. Let's take Alaska back!

SPECIAL INTERESTS:

Greek cooking, fishing, reading, enjoying Alaska's beauty,
visiting as many Alaska communities as possible.

STATEMENT:

Excellent Schools: This session I protected our education
budget from further cuts, successfully increased funding
to keep classroom sizes from growing, and helped school
districts save money and operate more efficiently. We
more than doubled funding for pre-school. Education is a
constitutional obligation of the state and the burden of funding
shortfalls must not be shifted onto local taxpayers.

Safe neighborhoods: I support continuing efforts to rebuild
our police force to help keep our neighborhoods safe.

Fiscal plan to erase Alaska's deficit: I joined the House
Majority Coalition, put politics aside and passed a complete
fiscal plan which shares the burden fairly through budget
cuts and broad-based revenue measures. I opposed a
Permanent Fund-only plan which adversely impacts lower
income Alaskans, leaving highly paid out-of-state workers
and multinational corporations untouched. I will not violate
the trust you placed in me by supporting such a plan.

Protect Seniors, the Disabled and Children. We must
support our elders and protect vulnerable Alaskans. I
supported excellent legislation to protect and reduce the
number of kids in foster care.

Job training, strong university to strengthen and diversify
Alaska's economy.

Fiscal responsibility: Alaska can no longer subsidize
the world's wealthiest corporations or spend millions on
megaprojects we cannot afford. We need fiscal responsibility
and my votes have reflected that all along.

I'd be honored to put my long history of public service and
experience to work to serve you once again in the Alaska
State House.

STATEMENT:

Originally from St. George Island, and currently living in Anchorage, I understand the issues from both Rural Alaska and Urban Alaska. The needs of our communities are largely not sufficiently supplied, and the red tape that's put on business across our state is shameful towards Alaska's development future. Alaska's past leadership has put us in a position of no return should we not bring our fiscal future on the right track. I believe in a bipartisan approach to solving Alaska's challenges. The infighting between Republicans and Democrats are toxic to the very way we legislate, and do a huge disservice to our constituency.

The next generations of Alaskans are fed up with a legislature that does not listen to their needs. As a young Alaskan, I share the vision of both the young and old. I won't be held to the belt of the Republican Party, I won't be held to the belt of the Democratic Party, for I will assure every member of District 18, and across the state, I will do what I envision is right for Alaska.

STATEMENT:

I decided to run for office because you can only complain about things for so long before you feel the need to act. Crime is out of control across the state and our neighborhood has been affected the worst. Alaska's politicians decided they know how to spend YOUR dividend better than YOU do and have been pushing for a state income tax. Enough is enough.

I'm an ordinary person who cares about her family, friends and neighbors. Most importantly, I have an unwavering belief that, *We the People*, deserve to be heard.

I will fight to:

- Restore and protect the Permanent Fund Dividend
- Repeal SB 91 in its entirety to make our neighborhoods safer
- Reduce state spending and unnecessary regulations
- Find solutions to increase school performance
- Provide jobs and opportunity through responsible development
- Support our military troops and protect our veteran's benefits
- Oppose the implementation of state income taxes
- Defend Alaska's interests against federal overreach

I've worked hard my whole life and will work just as hard to make sure the needs of our diverse community are not forgotten.

I would be honored to receive your vote and be a voice for the people in my district.

STATEMENT:

I'm honored to represent my hard-working neighbors in Mountain View, Airport Heights, and Russian Jack and I'm proud to be your voice in the legislature, fighting for your PFD, family wages, affordable and accessible healthcare including mental health and substance use treatment, great schools, and investments in public safety.

We must be solution driven and find ways to solve our biggest problems. I've been working hard to do this in the areas of domestic violence and sexual assault, child abuse, and public safety. We made progress with Erin's Law and Bree's Law and with rape kit reform this year we took a significant step forward in getting dangerous criminals off our streets.

As Co-Chair of the House Resources Committee, I helped negotiate the end of the failed cash credit program saving hundreds of millions, stood up for Alaskans by asking tough questions on the Alaska gasline project, and passed measures to protect our wild Alaska salmon and improve our farm to table economy - key economic drivers for our future.

I'm working hard to earn your vote!

My action plan:

Increase public safety investments to improve neighborhood safety for all our residents

Invest in our education system, including pre-kindergarten, technical training, community colleges, and universities

Protect Your Permanent Fund Dividend for today & the future

Strengthen & diversify our economy through new industries, innovation, training, and investment

Honor our Veterans and Military families

Protect individual rights, work for equality and equity for all, and increase citizen participation in government

ALASKAN COMMUNITIES LIVED IN: Anchorage

EDUCATION:
BA, Economics at University of Virginia

POLITICAL AND GOVERNMENT POSITIONS:
Congressional aide, local government aide, Special Assistant/Workforce Development Coordinator to the Labor Commissioner, Communications - Alaska Democratic Party, Governor's Fellow.

SERVICE ORGANIZATION(S) MEMBERSHIP:
Anchorage Youth Court, Anchorage NAACP

SPECIAL INTERESTS:
Backcountry sports, spending time with family

OTHER:
I grew up working on Democratic campaigns and progressive causes, and have worked as a Congressional aide, as a staff person to Governor Walker's Labor Commissioner Heidi Drygas, as a union organizer, and for multiple Democratic campaigns. My policy experience includes the areas of workforce development, energy, and transportation. I have written a regular outdoor column for the Anchorage Press since 2013. I live with my wife, Khalial Withen, and our daughter Zara in South Addition. I have volunteered with many local non-profits including the Knik Canoers and Kayakers, the Alaska Center, and Bike Anchorage.

STATEMENT:
My policy priorities are:

- 1) Fight crime with expanded staffing of police, prosecutors, support staff, behavioral health/substance abuse counselors, as well as sentencing reforms.
- 2) Create good jobs and raise wages with capital investment, support for public education and public employees, through expanded training and workforce development programs, and through reforms to increase workers' bargaining and political power.
- 3) Continue improving quality of life in Anchorage with expansion of trails, bike lanes, good sidewalks, support for downtown redevelopment, and connectivity between all neighborhoods in the district.

The federal government—including the Trump Administration and far-right radicals on the Supreme Court—have declared war on America's middle class and our democratic institutions. We have to fight back and protect workers' jobs, wages, and collective bargaining rights at the state level. We have to fight back by protecting Alaskans' civil rights—including voting rights, reproductive freedom, and LGBTQ equality—and voice in the democratic process. We have to fight back for local control over our resources, including protection of Bristol Bay from the Pebble Mine that Trump is hell-bent on approving over Alaskans' objections. In the midst of these daunting policy challenges, we also must fight back against the opioid-fueled crime wave that threatens Anchorage's economic future. Accomplishing these goals requires strong partnerships between the state legislature and local government.

House District 20 Representative

Ceezar X. Martinson, Alaska Republican Party Nominee (Republican)

STATEMENT:

I was born and raised in the state of Alaska. I have always had a passion for public policy and have been involved for the last five years with the Alaska Policy Forum. I have worked there as a researcher and presenter on the state budget and public lands policy. Downtown Anchorage is my home and I have stepped up to run to address two key issues that I believe are important to the district and the entire state. First and foremost we need to enshrine the Permanent Fund Dividend in the Alaska constitution so as to protect it for future generations. What the Legislature did in the last session with the passage of SB 26 was a theft of the people's money and will threaten the dividend for future generations. Second we need to repeal SB 91 and begin looking at ways to strengthen our criminal penalties especially in light of organized criminal activity in our neighborhoods. Public safety is the first responsibility of government and presently the state is failing in this extremely important duty. It is critical that we look at increasing penalties for violent criminal activity especially as it relates to narco trafficking. Thank you for your consideration and please remember to vote Nov. 6.

STATEMENT:

As a lifelong Alaskan, I was born in Anchorage, raised in Turnagain, and am currently living with my family in the Sand Lake area. As your voice in Juneau, my priorities are:

- **Making our neighborhoods safe again**
- **Strengthening Alaska's economy**
- **Protecting our savings and the Permanent Fund dividend for generations to come**

Alaska's crime epidemic is intolerable. That's why I introduced legislation to repeal our failed Senate Bill 91 and take a fresh look at our crime laws. My amendment ended pretrial "catch and release", restoring judges' discretion to keep dangerous criminals in jail. We need to do more, and I am willing to continue to fight for safer communities.

We must grow our economy through innovation and supporting small business. My legislation put Alaska in the top five states for innovation, brought Uber and Lyft to Alaska, and enabled equity crowdfunding as a way to invest in small business. My leadership has created hundreds of new jobs in Alaska.

Our current level of state spending is unsustainable. I believe in a smaller, smarter government sector and a strong private sector. I have fought against an income tax and have consistently voted to preserve our PFD for the long term, putting hard working Alaska families first.

I treasure my West Anchorage roots, and **I have never forgotten that I am your voice in Juneau.**

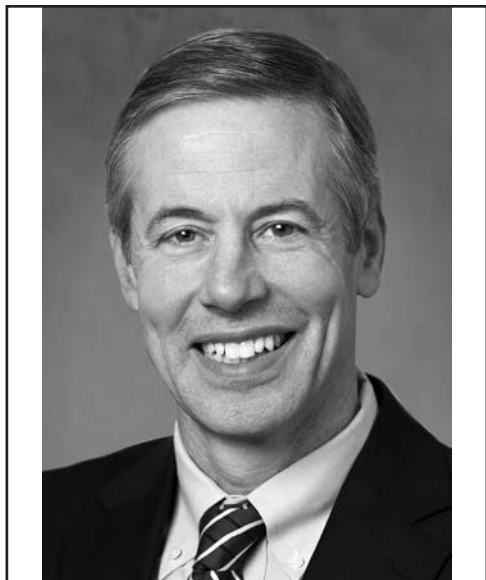

Please call me on my cell at 360-2488. I'd love to hear from you.

I would be honored to have your vote on November 6th!

STATEMENT:

Alaskans want government that works with our families and businesses to make sure Alaska is a great State to live, work, and raise a family. In my experience as State Representative, Acting Mayor, Assembly Member, community volunteer, husband, father, and son, I've learned that we're at our best working together for better government. We need to continue working together for a responsible action plan for Alaska and to improve public safety.

Visiting with friends and neighbors, going door to door, I hear again and again that Alaskans want an end to partisan politics and want their elected representatives to put Alaska first. The people of West Anchorage want a trustworthy representative who shares their values and listens to their concerns.

Thomas Jefferson said it best: "Government is best which governs least." As your elected representative, I look to the Alaska Constitution because it reflects the values we share: the right to equal opportunity, the right to privacy, the right to public education, the right to be treated fairly, the right to impartial courts, and the right to be secure in our homes and ourselves.

My priorities include:

- Public Safety: Government's First Priority
- Fiscal Responsibility: Living within Our Means
- Quality Education: Our Best Investment

As your legislator, remembering Abraham Lincoln, I pledge to make sure our government is "of the people, by the people, and for the people." Working together, Alaska's best days are ahead!

I would be honored to have your vote.

STATEMENT:

MAKING OUR NEIGHBORHOODS SAFE AGAIN – AND REPEALING SENATE BILL 91

Alaska's crime epidemic is the worst in our history, and it's hurting law-abiding citizens. **Thanks to soft-on-crime legislation like Senate Bill 91, criminals no longer view our laws as a serious deterrent.** That needs to change.

I'm running because I believe in strong, safe neighborhoods. Having served on the Anchorage Public Safety Advisory Commission, I know how to make that happen. If elected, **I will make sure that Alaskans can feel safe** in their homes, neighborhoods, and places of business – **and I will work to repeal Senate Bill 91.**

We need leadership in Juneau that will listen to you, and understands that **if you don't feel safe, nothing else matters.**

In West Anchorage, we share a lot of common values – I believe in those values. That's why I want to put my experience and energy to work for you in the State House.

I believe in:

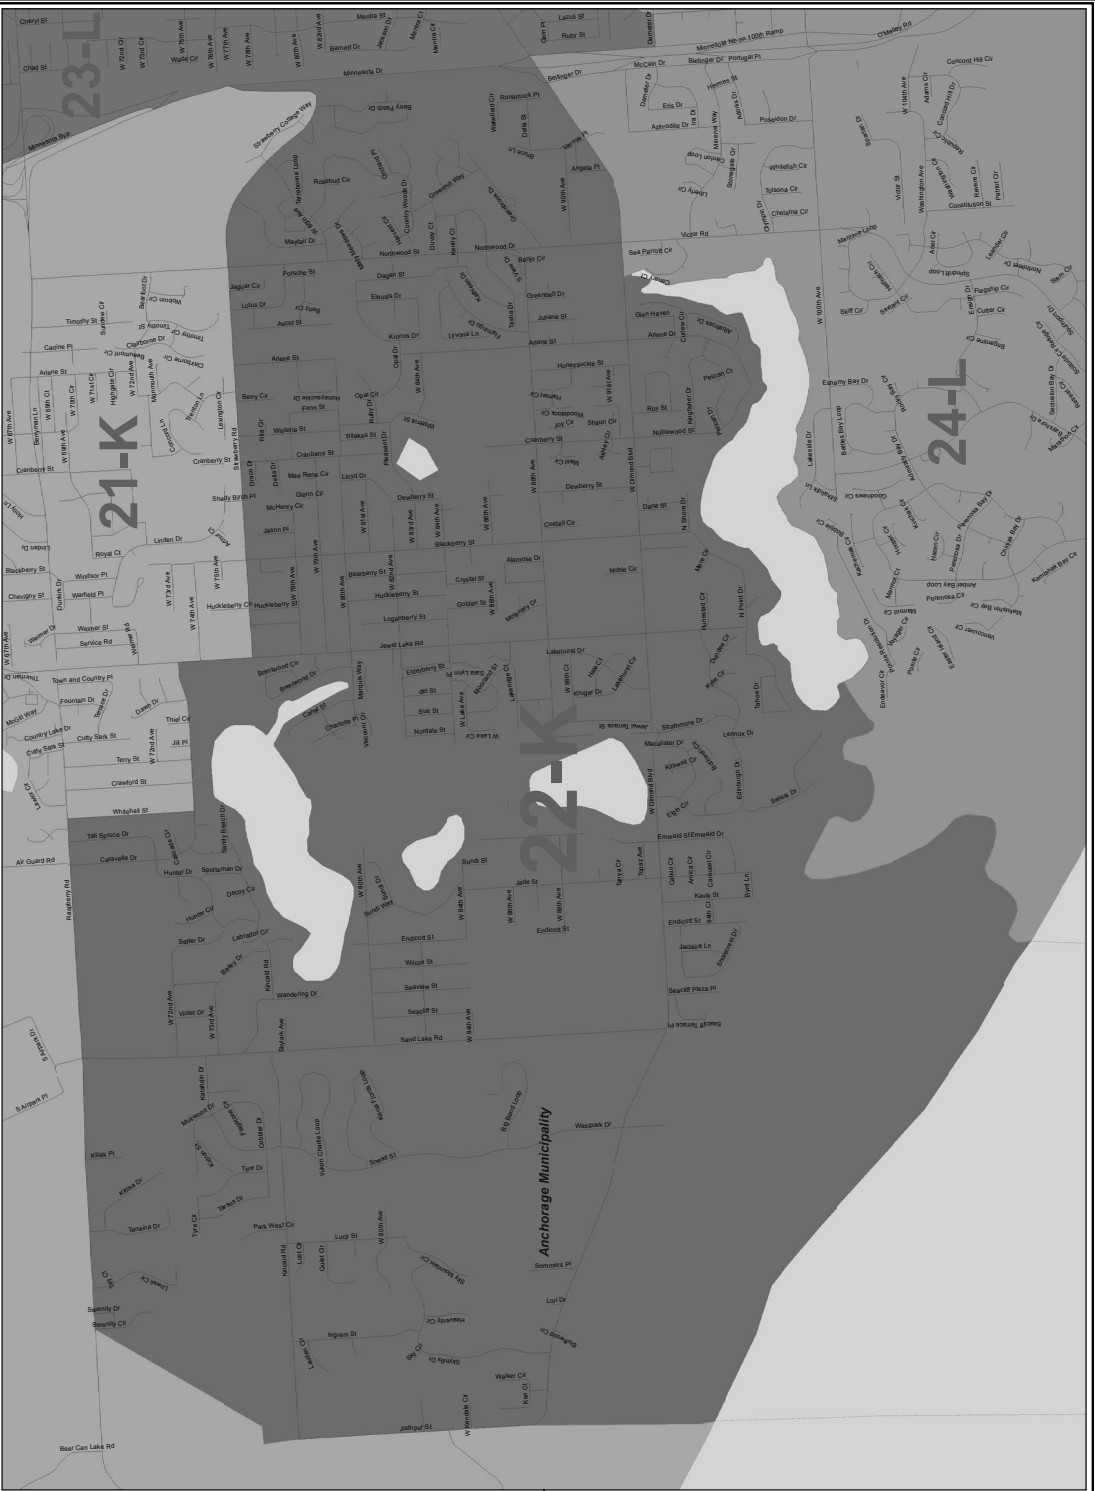

- a government that lives within its means,
- supporting our Alaskan businesses – large and small,
- responsibly developing our resources,
- honoring and supporting our veterans, and
- providing our students with the best possible education.

Most of all, I believe in **listening to my neighbors.** I'll make certain West Anchorage's voice is heard. **I'd be honored to have your support.**

I want to hear from you! You can reach me on my cell phone at 907-903-1846 or by email at friendsofmarilynstewart@gmail.com. Thank you very much!

STATEMENT:

I have put blood, sweat, and tears into building up and maintaining this city. I understand and respect what a hard days work is. I'm currently employed by the Municipality of Anchorage. I Love this city, and all the people that call it home, from the fragrant smells of a hot summer walk on our trails to catching a giant silver salmon, the beauty of a moonlit snow fall Anchorage holds a special place in my heart. I know that we all bring something to the table as a community. As a legislator I will encourage members work together for stability in Alaska. One of the many things we will need to work together to fix is ending water fluoridation because it is a classified neurotoxin and is added to our drinking water. The fluoride can come from different places such as phosphate now, if you know about growing plants one of the three types nutrients a plant needs to grow is phosphate unfortunately fluoride is sometimes attached to the phosphate and that's not good for plants in fact it causes plants to die so people have come up with ways to remove the fluoride from the phosphate and capture it in scrubbers now this same waste product is being panned off in Alaskans water supply under the pretence that it good for teeth. We can end this if we work together, and so much more but im out of room for now.

in Sand Lake and a graduate of Dimond High School.
Jana and I are raising our 3 children in the same
neighborhood where I grew up. I am passionate about
this State and love my community.

STATEMENT:
It's been a humble privilege to serve as your State
Representative since 2016. It hasn't been easy, but
together, we've done some great things for Alaska.
We gave law enforcement more tools to help improve
public safety, we forward funded public education to
eliminate teacher pink slips, and we cut the yearly state
deficit by 75%.

I was able to pass two pieces of legislation in my first
term; my "Right-to-Try" bill cut government red tape and
expanded access to potentially lifesaving treatments
years before patients would normally be able to access
them. I also passed a massive legislative ethics reform bill
to create transparency and help build the trust between
Alaskans and their lawmakers. The bill eliminated
excess per diem payments and provided Alaska with the
strictest legislative ethics code in state history.

Listening to you and working for you. That's the role of a
state Representative. I'm running for reelection because
this neighborhood has always been my home and we
need a leader who takes that role seriously. There were
great successes during my first term, but there is still
critical work to be done. We need to create a business
environment that encourages diversification and growth,
find a way to improve our student test scores, increase
the safety in our neighborhoods and parks, and much
more. I'm raising three children here and love living
in our community. Alaska has a bright future and I'm
optimistic that when the right leaders work together, we
can fix tough problems.

STATEMENT:
I've been a conservative my entire life -- not just because I was raised that way, but because I believe that the core principles of conservatism are best equipped to solve our society's problems. Capitalism and entrepreneurship brings people out of poverty better than government does. Limited taxation reinforces the truth that Alaskans know how to spend their money better than government does. Government should be small, focused, and efficient. And right now, it isn't.

In the immediate, we have to deal with crime and the budget. And while it's always tempting for government to spend more money, I'm advocating for legislative restraint. Until we cut our spending back to essential and necessary government services (education, infrastructure, public safety), we have no business asking Alaskans for more money.

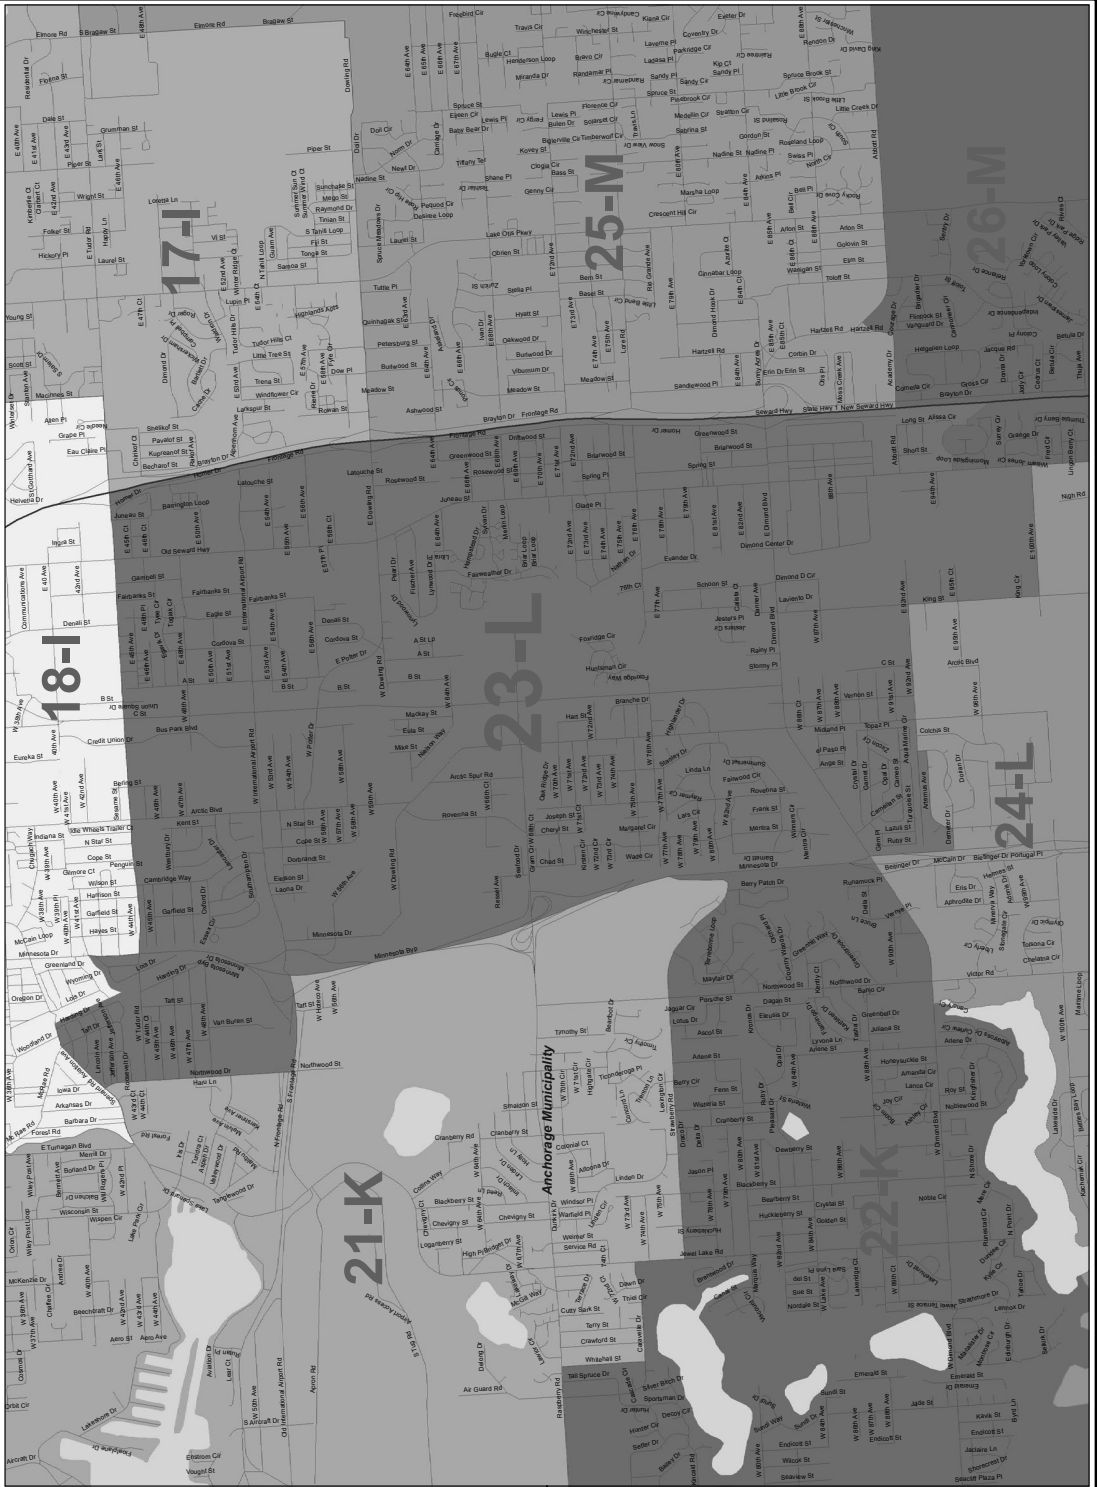

I'm not running for office so I can tell my constituents what I want to do in District 22. I want to be listen first, and talk second. But I want to make sure everything I do in Juneau improves the overall, long-term positions of Alaskans, and gives future generations every opportunity to succeed.

I was raised to be a positive influence, and I'm doing my best to campaign on the issues and not against my opponents. While I definitely disagree on a number of key issues, I appreciate anyone who has stepped up to serve their community, on whatever platform that may be.

STATEMENT:

I'm running for office because I've seen what it looks like when Alaska thrives. As a small business owner, I've been disappointed by the underrepresentation that we, as small business owners, have had in Juneau.

Very few in the legislature understand the struggles small business owners go through. I'm not just talking about our profits -- I'm talking about how hard it is to recover from a break-in, as so many have. I'm talking about how difficult it is to keep customers coming into our businesses when roads are in disrepair.

I've been a Republican my entire life. I'm conservative, and I believe that our economic recovery as a state depends heavily on our willingness to prioritize commerce, fill the pipeline, and do what it takes to ensure that families are fed and taxes remain low.

One of the driving forces of our economy is resource development. We have companies willing to make an investment in our state, and to bring in more jobs, but we have to make it attractive for them to do so. We also need to ensure that our local workforce can meet the needs of the market so that companies hire here first.

I respect anyone who steps up to run for office. I also believe that integrity matters. As your next state representative, I'll remain independent and honest, true to our shared values and principles.

I want to listen first. Please don't hesitate to reach out if I can assist you in any way.

STATEMENT:

It is an honor to represent you. Your continued trust and faith has enabled me to bring people together to serve as House Majority Leader of a coalition of Alaska Republicans, Independents, and Democrats. We put aside party politics and joined together to do what's best for Alaska by protecting jobs and building the economy.

We passed legislation that addressed immediate public safety concerns and increased funding for troopers and the court system, and I am proud we pushed for advancements in victims' rights and forward funded education.

Keeping Alaskans safe is my top priority. Unfortunately, many of us have been victims of the recent increase in crime. Like many of you, my family has had vehicles stolen and items taken from our property. Alaskans have a right to feel safe in their neighborhoods.

I introduced bills and amendments to protect the Permanent Fund Dividend and give Alaskans a vote to constitutionalize the Dividend for our future children.

I personally passed legislation that supported our military service members and veterans, ensured that small business could continue to operate without harmful regulations, and provided economic opportunities along Alaska's Arctic coast.

Alaska is blessed with talented people and incredible natural resources. Together, we can make Alaska a place where ideas and innovations flourish, education is of the highest quality, the economy thrives, and jobs are rewarding.

I want to continue working for you. Please call me with your concerns and vote for me, Chris Tuck. 223-6474.

STATEMENT:

It is an honor to have served our state over the past 30 years as a police officer, police chief, city administrator, state board and commission member, lead staff to two senators and most recently as House Representative to our beautiful District 24 in South Anchorage. I look forward to continuing the work of making our state a safer and more prosperous place to live.

As a longtime small business owner I strongly support our free market economy and limited government, which encourages innovation and allows us the freedom to enjoy the fruits of our labor. I will vigilantly guard the liberties we cherish, which did not come to us by accident. I will seek to understand and carefully consider the consequences of issues before the Legislature, recognizing the significant responsibility to my constituents, their families and businesses, and our natural resources.

I am ever thankful to my parents, great coaches and mentors who taught me the valuable lessons of working together and encouraging one another through adversity, and to face fear with resolution and a quiet peace. My public safety career continued this learning process.

I am a strong advocate for quality education and safe neighborhoods, spending discipline in all state agencies, maintenance of roads and pedestrian safety paths, responsible resource development, and the protection of our Permanent Fund.

I believe my perspective and experience will enable me to be helpful to the legislative process, and that our best days are still ahead of us.

OTHER:

I have a wide range of experience in both the government and private sectors. I understand how to balance a budget without losing services, protect workers' rights, support quality education and bring forth workable ideas. We need fresh faces in Juneau, ones who are not afraid to work across the aisle and 'try something new.' I have been 'trying something new' in Alaska for 52 years.

STATEMENT:

Two years ago, I walked every precinct and knocked on over 3,000 doors. I listened and learned while chatting with voters and the input was invaluable. You wanted what I want: funding to provide excellent public education for pre-K through 12th grade, our university system & technical training (for future Alaska Gasline jobs); affordable healthcare; improved public safety & safe neighborhoods for our families; increased mental health and drug & alcohol treatment services; to protect our PFD, diversified economic development and good paying jobs.

Now, more than ever, as we continue to face serious fiscal challenges, Alaska needs to elect individuals who will not be afraid to stand up, put politics aside and work together on realistic long-term solutions – like a long-term, sustainable fiscal plan. Blazing these new pathways and making honest decisions based on **matters of principal** will go a long way towards ensuring Alaskans a more stable, secure and prosperous economic future and better quality of life for future generations. The clock is ticking.

So, where do we go from here? Good government depends on the election of leaders who are passionately dedicated to working for the best interests of all citizens in the tradition of our *Alaska Spirit* of shared values and responsibility. I can honestly commit to you, I will always choose in the "public's interest" rather than that of "special interest."

Your vote would be an honor.

STATEMENT:

My family history in the state began with my father's wartime service in the Alaska territory as a US Marine. My wife Pam arrived in Alaska with her family in the early 1960's. We raised two children in Fairbanks, then Anchorage. Our children are now raising their children in Anchorage.

I served three terms on the Anchorage Assembly, always fighting for fiscally responsible policies and leading the successful campaign to impose a spending cap on municipal government.

Family, friends and neighbors who are concerned about the fiscal spending excesses of state government, encouraged me to run for the state legislature.

Government plays an important role- but it is configured in our State Constitution to have a very narrow focus. The primary purpose of government is to secure and maintain the individual rights of Alaskans.

I love Alaska and want my children and grandchildren to have the same opportunities that Pam and I had building a life here.

As your Senator I will:

1. Support development of Alaska's resources and associated jobs, opportunity and revenue.
2. Strengthen/modernize our criminal justice system without compromising community safety.
3. Protect and grow a healthy permanent fund.
4. Fight for a state spending cap.
5. Oppose an income tax on working Alaskans.

I would appreciate your vote and welcome an opportunity to represent South Anchorage in the State Senate. Please call or text me at 280-7537 or email at chris@chrisbirch.com if you have any questions or need a ride to the polls!

Thanks, Chris

OTHER:

I am a paralegal and former Realtor. I attended University of California with a four day old son, earning a BSN. I later enrolled in Cal State Northridge Public Health Master's program. In 1992 I drove to Alaska with a trailer, bringing my toddler and cat; and lived in this district now for 17 years.

I owned Alaska Water Systems from 1994 to 2010; with 5th Avenue Water Store 1999-2007. I volunteered with Alaska Theater of Youth and Holy Rosary Academy; and as an officer of Abbot Loop Community Council for 4 years, and Abbott Loop District 25 Democrats for 6 years.

During my divorce, I fought for my house over 2 years in Alaska's Supreme Court while attending UAA's Paralegal program, writing and arguing my case. I prevailed on property distribution issues benefiting all Alaskan women. I currently assist women with domestic violence and child support issues pro bono.

STATEMENT:

As a small business owner, I understand the importance of a balanced budget. I will work toward that goal in the legislature. The Permanent Fund must be protected, if necessary by an amendment to the Alaska Constitution. The PFD strengthens our economy and creates jobs. Unfortunately, the Republican majority in the legislature has spent Alaska's future to pay back their obligations to big oil. This must stop.

I am strong advocate for public education and support for full funding for public schools. Alaska's children are its most precious resource. The most cost-effective use of state funds is investment in programs for pre-K and early childhood education.

I support community based health programs, including women's health choices. Outreach must include mental health; and substance abuse treatment to help those who would otherwise commit crimes to support their addictions.

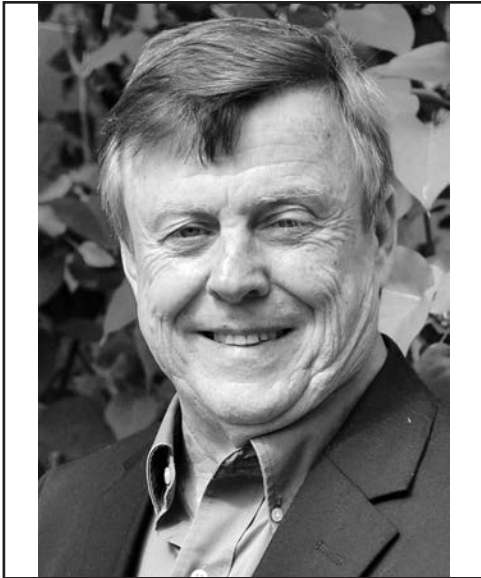

Alaska must also invest in its university system to promote education for the good paying jobs of the future in technology, education and healthcare services. As the general population continues to age, we must provide an economy where our youth can build futures here. New high tech clean energy jobs will help to promote sustainable growth.

Senate Republicans' response to Alaska's fiscal crisis is to tap the PFD and shortchange our children's future. Other attacks on fair labor, without new efforts to diversify Alaska's economy can only leave us bankrupt. I am beholden only to Alaska, not to special interests. Let's work together to build a stronger Alaska! Thank you for your vote.

SPECIAL INTERESTS:

My lovely wife, my three children, six grandchildren, fishing, camping, golf, and cooking.

STATEMENT:

We must bring change to Juneau!

Knocking on doors and having conversations, my friends and neighbors frequently voice both their concern and vision for Alaska.

We must address Alaska's fiscal crisis. In the last six years, the Legislature spent \$14 billion of \$16 billion from Alaska's budget reserves while they cut essential services in public safety, courts, education, and roads. As well, Alaska owes \$1 billion in tax credit debt to oil companies. What can we do?

Build a long-term fiscal plan. Define adequate funding for essential services to meet our public safety, education, and infrastructure obligations. Alaska's Constitution requires we develop our natural resources to benefit to Alaska.

Protect the PFD. Over the last six years of deficit spending, Alaska has lost over 8,000 jobs. Alaska's Permanent Fund Dividend is a key contributor to our jobs and economy. The Legislature's FY2019 Operating Budget still has a \$1 billion deficit after taking \$1 billion from the 2018 PFD.

Prioritize Public Safety. Crime in our neighborhoods is a serious problem. We must fully fund and support public safety and the courts to ensure our community is safe.

I know we can do it! I served on the Anchorage School Board nine years and successfully challenged the status quo. Graduation rates went from 64% (2008) to 81% (2017) and we reduced school administration costs every year.

A strong, diversified economy will ensure Alaska's future for our children and grandchildren.

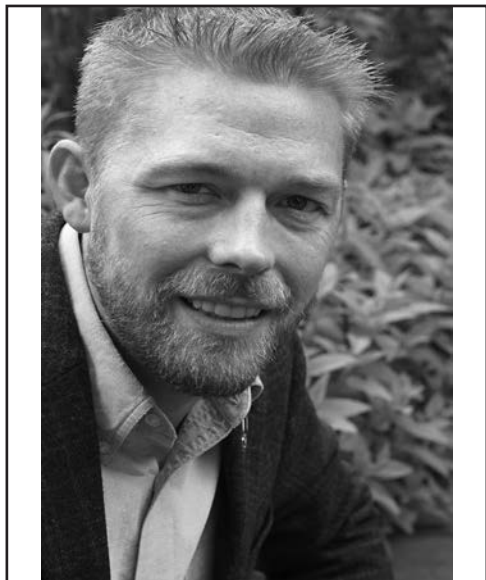

Thank you for your support.

I would appreciate your vote!

STATEMENT:

Alaska does not have a fiscal problem. We have a leadership problem. And all problems have solutions.

Most politicians are very good at promising to study problems – but real leaders make commitments to solve them.

The foundation of Alaska's government is the Alaska State Constitution. It is very simple and considered to be one of the best of any state.

Legislators need to start by following the Constitution.

The current Administration and Democrat lawmakers believe that if government is short of revenue then it simply needs to reach into the pockets of the state's citizens, and reach into the pockets of the businesses who create jobs, to cover government's spending.

Alaska can prosper for generations if we get back to the basic principle that you don't spend more than you make – and you don't rob Peter to pay Paul.

Military service taught me the value of teamwork, honesty and hard work. As District 25's Representative I will bring those values to Juneau and work on your behalf to solve our drug and crime problem, and reduce the bureaucracy that wraps red tape around every business trying to grow and create jobs in Alaska.

We have abundant resources and we need to develop those resources to the maximum benefit of every Alaskan. If you put your trust and your vote behind me, I guarantee that I won't let you down. Like you, I have children, and I want them to enjoy boundless opportunities as they grow up. Let's get to work!

Hi, I'm Laddie Shaw. I've lived in Alaska for the last 37 years – and I've spent most of it outdoors, enjoying all Alaska has to offer.

In the Navy SEALs, they teach **how to work as a team and how to achieve objectives.** That's what I will bring to Juneau.

- **Married 27 years**
- **24 years in uniform, US Navy SEAL**
- **Two tours of service in Vietnam**
- **20 years state experience improving public safety and helping our veterans**
- **A lifetime of standing up for our values**

Here's what I stand for:

- **Safe, crime-free neighborhoods.** We all need to feel safe in our homes, neighborhoods, and places of business -- and that's my highest priority. As a State Trooper Academy instructor, I have the experience to make sure criminals are put in jail and kept there. That's why I support repealing SB 91 and taking a fresh look at our criminal justice laws.
- **A strong Alaskan economy.** Alaskans deserve a strong, growing economy. I will work hard to make that a reality for all Alaskans.
- **Smaller, sustainable government.** Government should live within its means before taking money out of the pockets of hard-working Alaskans.
- **Keeping our promises to Alaska's veterans and seniors.** As a former State Director for Veterans Affairs, I believe that all veterans and seniors should receive the benefits and care promised to them.

STATEMENT:

Women have had the right to vote since 1917. We make up half the population of Alaska yet only shape 31% of the legislature. I want to see that change by running for office.

In addition, I helped form a group called Alaska Women Ascend, an organization that trains and educates progressive women to run for public office. I am proud of the volunteer work and the positive impact it will have on our community.

All Alaskans deserve clean air and water.

I know how to balance a budget and live within my means. Alaskans deserve to have their assets managed responsibly.

Alaska has provided great opportunities for me. I want future Alaskans to have those same opportunities from a strong economy. That requires diversification, such as advancing into the field of technology or developing renewable resources.

All Alaskans deserve to feel safe in their home, their school and their workplace.

It is a right for all Alaskans to have affordable health care.

For a lifetime I have supported women's reproductive rights and equal opportunity for all individuals, regardless of race, religion or gender.

I'm concerned we are not leaving a better world for our children and grandchildren. I'm not a politician, but I must act. I believe more women in the legislature would facilitate a more productive dialogue, lending to solutions.

Send a woman to Juneau. Send me.

STATEMENT:
It has been an incredible honor to represent you for the last 8 years. During that time, I fought to protect both your safety and your pocket book. You have a right to be safe from crime, which is why I OPPOSED SB 91. The delay in addressing the most disturbing parts of SB 91 has been frustrating, and decisive action is needed now along with more legislators in office who will fight to keep Alaskans safe. We must prioritize the needs of law enforcement and the rights of victims of crime over those who choose to flaunt the rights of law-abiding citizens.

The size and scope of government is still too large in spite of our reduced revenues. During my first term on the Finance committee, I chaired two department subcommittees that saw some of the largest reductions, with one seeing spending reduced over two years by over 50 percent. Core services still remained intact with these large reductions. These last two years, my colleagues and I sponsored hundreds of budget amendments to curb the growth proposed by the current out of touch majority. A long-term fiscal plan must continue reductions, and include a meaningful spending cap that will protect and preserve the PFD before any new revenues are discussed.

There is still more work ahead of us, and as a lifelong East Anchorage resident with a proven track record of fighting for our community, I ask for your vote this November to keep me fighting for YOU.

Jennifer B. Johnston, Alaska Republican Party Nominee (Republican)

OTHER:

Jennifer Johnston is a 42-year Alaskan, mom to three and grandma to six. Jennifer and her husband Allan moved to Fairbanks in 1976 and South Anchorage in 1988, where they have lived, raised kids and worked ever since. As a former small business owner, outdoor educator and public servant, she has the experience to put Alaska back on track.

During her time on the Anchorage Assembly, Jennifer was an advocate for sustainable budgets and the fiscal reforms she championed helped end growing deficits and increase Anchorage's bond rating to AAA. She built on this experience during her first term in the Legislature by advocating for innovative solutions to broken state programs and for millions in targeted budget reductions.

Jennifer and her husband are founding members of the 49th State Angel Fund Network, exemplifying her belief when government's role is limited, an entrepreneurial spirit can thrive and solve problems efficiently.

STATEMENT:

Real leadership, teamwork and honesty are needed to help our economy rebound, solve our state's fiscal situation and return our community's safety. Let's break the "boom and bust" cycle, and realize our current challenges are opportunities for growth.

We need a private sector perspective when evaluating improving our government. While the rest of the world embraces the efficiencies and cost-savings of computer-based data entry, applications and service delivery, we're still stuck on pen and paper. A business with a revenue shortfall would be looking to streamline, but state government still allows the same service to be duplicated by sometimes three to four departments. Our current fiscal gap presents government with the opportunity to enter the 21st century, and embrace change that will leave us more accessible, efficient and cost effective.

Getting a better bang for our buck also applies to the need for innovation and solutions for our state's public safety. While progress was made this year to target loopholes in our laws that allowed dangerous offenders to continue to commit crimes, more work needs to be done to ensure that we're not just throwing money at the problem. Instead of accepting the status quo, we need to be working to see data-driven solutions enacted to truly combat addiction and criminal behavior.

Unlike previous years, there is momentum building now to help our state grow into a great place to live. These decisions won't be easy or popular, once done we'll wonder, "what took us so long?"

Priorities to Create a Thriving Economy

- Tackle the budget first.
- Make investments that create jobs and foster a stable economy for existing and new industry.
- Focus on opportunities for diversification in areas of technology, health care, finance, fishing, tourism, energy, and others.
- Cut existing budget items that are inefficient or wasteful.

Priorities to Create Safe Communities

- Thoughtful repeal and restructure the omnibus crime bill (SB91).
- Invest in drug treatment facilities to battle the opioid crisis.
- Fully fund public safety departments (police, troopers, fire and prosecutors).

Priorities for Education

- Create certainty around education funding and look for innovative ways to fund our schools, while tackling issues that drive up the budget—health care and retention.
- Do a more in-depth analysis of where we are not meeting expectations and look for individualized solutions—something that works in one school may not work in all schools.
- Prioritize Pre-K education.
- Prioritize investment in trade and university programs that meets future employees' needs.

Ballot Measure No. 1 - 17FSH2
An act providing for the protection of wild salmon and fish and wildlife habitat

Ballot Measure No. 1

This act would amend Alaska's fish habitat permitting law. The act would require the Department of Fish and Game (ADF&G) to apply new standards to permitting activities and development projects that have the potential to harm fish habitat. The act would exempt existing projects, operations, or facilities that have received all state and federal permits until a new permit is needed. The act would create fish and wildlife habitat-protection standards. The standards would address water quality, temperature, streamflow, and more. The act defines "anadromous fish habitat." The act would allow ADF&G to apply the law to all habitat in Alaska that directly or indirectly supports salmon or other anadromous fish. The act would provide for three types of permits for development in anadromous fish habitat. ADF&G could issue a general permit—a single permit that applies to many people—for certain activities. For other activities that require a permit, the act would establish a two-track permitting system. Minor permits would be issued for activities that have little impact on fish habitat. Major permits would be issued for projects that have the potential to cause significant adverse effects on fish habitat. The act defines "significant adverse effects." The act would require ADF&G to avoid or minimize adverse effects through mitigation measures and permit conditions. It would provide public notice on all permits and a chance to comment on major permits. The act would create criteria, timeframes, and an appeals process for the permits by interested persons. The act would allow ADF&G to respond to specified conduct with tickets, civil fines, or criminal penalties. The act would repeal two current statutes. One is regarding mitigation from a dam. The other is regarding criminal penalties that are addressed elsewhere.

Should this initiative become law?

Should this initiative become law?

Yes No

Legislative Affairs Agency Summary

The Act defines the term “anadromous fish habitat” and sets new standards to protect it. The standards relate to factors such as water quality and flow. The Act requires the Department of Fish and Game to specify which water bodies and areas of the state are this habitat. If the status of some water bodies is not known, the Act provides that the water bodies will be treated as this habitat. The Department of Fish and Game may check a water body and exclude it from that status. The Act requires permits for activities that may affect this habitat. The Act creates three types of permit. A general permit would allow some low impact activities for all persons in an area.

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

Other activities would need a minor or a major permit. An activity that will not have significant adverse effects would require a minor permit. An activity that could significantly affect the habitat would require a major permit. If possible, an activity must avoid or cause the least harm to the habitat. The Act provides that the adverse effects of some activities may be mitigated. Any activity that now has a permit would not have to comply with the Act until its permit expires. The Act sets permit criteria. The Act creates a process for public notice and comment on permit requests. The Act provides for permit appeals and review. The Act provides for injunctions and civil and criminal penalties.

Statement of Costs

Estimate of Costs to the State of Alaska for Implementation of the Voter Initiative: Providing Protection of Wild Salmon and Fish and Wildlife Habitat (17FSH2)

Multi Agency Cost Summary

Agency	Cost
Department of Fish and Game – Habitat Component	\$1,319,000
Department of Environmental Conservation – Water Quality Component	\$268,300
Department of Law – Civil Division, Natural Resources Component	\$450,000
Office of the Lieutenant Governor	\$9,000
Office of the Lieutenant Governor – Division of Elections	\$49,685
TOTAL	\$2,095,985

Estimate of Costs to the Departments of Fish and Game, Environmental Conservation, and Law to Implement the Ballot Initiative

Estimate of Costs to the Department of Fish and Game – Statewide Support Services, Habitat Component

As required by AS 15.45.090(a)(4), the Alaska Department of Fish and Game has prepared the following statement of costs to implement the proposed ballot initiative. If approved, the initiative would take effect 90 days following election certification.

Estimate by Category

Personal Services	\$1,087,000
Other Costs	\$232,000
TOTAL	\$1,319,000

The initiative would require the development of regulations to identify how various changes to Title 16.05.867, 16.05.871, 16.05.875, 16.05.877, 16.05.883, 16.05.884, 16.05.885, 16.05.887, 16.05.889, 16.05.894, and 16.05.901 would be implemented.

The standards under which the Department of Fish and Game would operate when issuing a permit to ensure proper protection of anadromous fish habitat include maintaining water quality

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

and water temperature; instream flows; efficient upstream and downstream passage of fish; habitat dependent connections between anadromous fish habitat including surface groundwater connections; stream, river, and lake bank and bed stability; aquatic habitat diversity, productivity, stability, and function; riparian areas that support fish and wildlife habitat; and any additional criteria adopted by regulation.

The initiative would require the following new actions by the division: presume that all naturally occurring connected water bodies and adjacent riparian areas are anadromous and therefore jurisdictional, site specific written determinations to determine if a waterbody is not important anadromous fish habitat; specify in regulation all de minimus activities that do not require a permit and require anadromous fish habitat permits for all activities not specified, public notice of proposed general permits with the possibility of a least one public hearing if requested by an interested person; requirement to renew general permits every five years; requirement to provide written authorization for an individual to operate under a general permit; public notice for permit amendments; public notice to rescind a permit; conduct an assessment and determination on whether a fish habitat permit is minor or major; collect fees equal to the cost of service for major fish habitat permit assessments¹; public notice draft major anadromous fish habitat permit assessment and make copy of application available to the public; determine the amount of the performance bond if the permittee is not in compliance; determine if the proposed activity is likely to cause substantial damage to anadromous fish habitat; determine if anadromous fish habitat will recover or be restored within a reasonable period of time, respond to and address public input on major fish habitat permits, and respond to and address reconsideration requests on proposed major anadromous fish habitat permits; and in some cases repair habitat damage and bill respondents as the result of violations using state agency employees.

The initiative also identifies those cases where the Commissioner may not issue a permit for a proposed activity. Compliance with these new actions would require the hiring of habitat biologists, an analyst programmer, and program technicians to implement public notices, postings, responses to public input, public hearings, draft anadromous fish habitats, etc. A public education component should be considered to inform the public of the Department's new and expanded jurisdictional authorities as well as newly expanded potential penalties (daily separate Class A misdemeanors) for non-compliance. The division anticipates the regulation development could take at least two years and implementation of the new regulations and criteria would take additional years to develop and implement.

The Commissioner will need assistance in the form of subject matter expertise (managers, biologists, analyst programmer) from staff and legal assistance in order to develop regulations, public notice the regulations, respond to public comments on proposed regulations, and finalize a regulation package. Implementation of the new regulation package would affect all managers, habitat biologists, and fish and game program technicians in all offices along with analyst programmer support to implement and comply with the new regulations as written.

¹ Allows Habitat Division to collect fees for major fish habitat permit applications, but those monies would go into the general fund.

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

Estimate of Costs to the Department of Environmental Conservation – Division of Water, Water Quality Component

As required by AS 15.45.090(a)(4), the Alaska Department of Environmental Conservation has prepared the following statement of costs to implement the proposed ballot initiative. If approved, the initiative would take effect 90 days following election certification.

Estimate by Category

Personal Services	\$211,600
Other Costs	\$56,700
TOTAL	\$268,300

The initiative requires several changes to the permitting program in the Department of Fish and Game, Habitat Division. These changes will impact the Department of Environmental Conservation's permitting and engineering plan review of wastewater discharges to all fresh waters in Alaska.

The initiative creates a rebuttable presumption that all waters in Alaska are anadromous. Alaska's Water Quality Standards at 18 AAC 70.255(h)(1) states that mixing zones will not be allowed in an area of anadromous fish spawning. The presumption per the initiative can be rebutted by the Department of Fish and Game, but unless and until this occurs, all discharges will be presumed to be ineligible for mixing zones and thus needing to meet water quality criteria at the "end-of-pipe," the point at which the discharge enters the receiving water.

Division of Water permit application reviews are expected to increase in complexity as industry and municipalities work within the changed model of all fresh waters being presumed anadromous. This presumption increases complexity for applicants as it is predicted that numerous facilities will be required to meet the end-of-pipe limits.

Existing fees cover approximately 60 percent of the cost of permitting and plan review activities. It will take a year to enact new regulations before the Department can begin collecting fees to cover this activity. FY2018 will be funded entirely by general funds while new staff are brought on and trained and new regulations are developed. Revenues reflect a proportional shift to general fund program receipts starting in FY2019 as new regulations are implemented and additional fees are collected.

Personal Services: An Environmental Program Specialist III will be responsible for permit application reviews and will be required to address the additional workload without causing a backlog in the permitting. An Engineer I at DEC will be needed for review and approval of engineering plans for treatment system changes needed to meet the more stringent limits. Both positions will be located in Anchorage.

Other Costs: The new Environmental Program Specialist will require permit writer training, which is only available out-of-state at this time. Limited in-state travel will be required to conduct compliance inspections annually. DEC will require assistance from the Department of Law for consultation during the development of new regulations. The new employees will require

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

equipment for the first year, and normal office supply needs in subsequent years.

Estimate of Costs to the Department of Law – Civil Division, Natural Resources Component

As required by AS 15.45.090(a)(4), the Alaska Department of Law has prepared the following statement of costs to implement the proposed ballot initiative. If approved, the initiative would take effect 90 days following election certification.

Estimate by Category

Personal Services	\$376,400
Other Costs	\$73,600
TOTAL	\$450,000

The initiative would amend AS 16.05 (Fish and Game) by creating a new permitting system for activities that have the potential to affect anadromous fish habitat. The initiative would establish fish and wildlife protection standards that would guide permit issuance. Under the initiative, the Commissioner of the Alaska Department of Fish & Game (ADF&G) would be required to specify anadromous fish habitat in regulation. The initiative would presume that, absent a regulation to the contrary or a site-specific determination and written finding by ADF&G, a naturally occurring surface water body, including all upstream tributaries, is anadromous fish habitat if it is connected to anadromous waters specified as such in regulation or connected to marine waters.

The initiative would require a person to obtain an anadromous fish habitat permit to conduct certain activities in anadromous fish habitat. The initiative would establish classification standards for minor and major anadromous fish habitat permits and provide for public notice periods. For major anadromous fish habitat permits, the initiative would also require ADF&G to prepare a draft and final assessment. The initiative would also create a general permit for minor activities and establish mandatory criteria that must be met for issuance. In addition, the initiative would specify criteria that, if met, would preclude the issuance of a permit.

The initiative would provide for a process by which an applicant could request reconsideration of a determination of the commissioner. The Commissioner's determination upon reconsideration would be the final administrative decision for purposes of appeal to the superior court.

The initiative would also create civil penalties for certain violations. Notice and an adjudicatory hearing would first be afforded to an alleged offender. The initiative also provides that if a respondent violates an order issued under AS 16.05.894, the Attorney General, upon request of the Commissioner, may seek an injunction requiring the respondent to suspend an activity.

The Department of Law provides legal counsel to ADF&G. The initiative would potentially significantly increase the current amount of ADF&G permitting and appeals because it would broaden the expanse of water bodies in the state deemed to be anadromous fish habitat, expand the scope of activities that would require permits, create a detailed permit consideration process, and provide for reconsideration and appeal of a determination of the Commissioner under AS 16.05.871(e), AS 16.05.875(c) or (d), AS 16.05.883, AS 16.05.884(d) or (f), or AS 16.05.885(d).

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

The Department of Law anticipates that two additional full-time civil attorneys would be needed to perform the legal work this initiative would create -- one attorney primarily focused on permitting and appeals and one attorney primarily focused on enforcement, while providing support to permitting and appeals as needed. ADF&G would be responsible for developing regulations to implement the initiative's provisions, and the Department of Law would likely need to provide assistance with the regulations.

Estimate of Costs to the Office of the Lieutenant Governor and the Division of Elections for the Ballot Initiative

As required by AS 15.45.090(a)(3), the Alaska Office of the Lieutenant Governor has prepared the following statement of minimum costs associated with the proposed ballot initiative. If approved, the initiative would take effect 90 days following election certification.

Office of the Lieutenant Governor

Assuming the initiative is placed on the ballot, the minimum cost to conduct public hearings concerning the initiative in two communities in each of four judicial districts is estimated to be \$9,000.

Estimate by Category

Travel	\$ 9,000
TOTAL	\$ 9,000

Travel: Estimated travel expenses include round-trip air transportation, per diem and other associated travel costs for the Lieutenant Governor and staff to travel to seven communities in Alaska. It is assumed one of the hearings would be in Anchorage which would not involve travel costs.

Division of Elections

As required by AS 15.45.090(a)(3), the Division of Elections has prepared the following statement of costs to implement the proposed ballot initiative.

The minimum cost to the Division of Elections associated with certification of the initiative application and review of the initiative petition, excluding legal costs to the state and the costs to the state of any challenge to the validity of the petition, is estimated to be \$49,685.

Estimate by Category

Personal Services	\$48,385
Printing Services	\$1,300
TOTAL	\$49,685

Personal Services: Six temporary employees to review signatures for 2,520 hours.
Estimated cost: \$30,618

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

Full Text of Proposed Law

“An Act providing for protection of wild salmon and fish and wildlife habitat”

BE IT ENACTED BY THE PEOPLE OF THE STATE OF ALASKA:

*Section 1. The uncodified law of the State of Alaska is amended by adding a section to read:

Alaska Fish Habitat Policy.

Because wild salmon are critically important to Alaska’s communities, economies and cultures, it is the policy of the State of Alaska to:

- (a) ensure sustainable fisheries for current and future generations by maintaining wild salmon stocks, other anadromous fish species, and important fish and wildlife habitat;
- (b) protect water resources and habitat that support Alaska’s wild salmon and other anadromous fish species;
- (c) ensure that development activities comply with enforceable standards that protect wild salmon, other anadromous fish species, and important fish and wildlife habitat; and
- (d) ensure that the Department of Fish and Game protects the natural fishery resources of Alaska consistent with Article VIII of the Alaska Constitution.

*Section 2. AS 16.05 is amended by adding a new section to read:

Sec. 16.05.867. Fish and wildlife habitat protection standards.

- (a) The commissioner shall ensure the proper protection of fish and wildlife, including protecting anadromous fish habitat from significant adverse effects.
- (b) When issuing a permit under AS 16.05.867-16.05.901, the commissioner shall ensure the proper protection of anadromous fish habitat by maintaining:
 - (1) water quality and water temperature necessary to support anadromous fish habitat;
 - (2) instream flows, the duration of flows, and natural and seasonal flow regimes;
 - (3) safe, timely and efficient upstream and downstream passage of anadromous and native resident fish species to spawning, rearing, migration, and overwintering habitat;
 - (4) habitat-dependent connections between anadromous fish habitat including surface- groundwater connections;
 - (5) stream, river and lake bank and bed stability;
 - (6) aquatic habitat diversity, productivity, stability and function;
 - (7) riparian areas that support adjacent fish and wildlife habitat; and
 - (8) any additional criteria, consistent with the requirements of AS 16.05.867-AS 16.05.901, adopted by the commissioner by regulation.
- (c) The commissioner is authorized, in accordance with AS 44.62, to adopt regulations consistent with AS 16.05.867-16.05.901. All regulations, administrative actions and other duties carried out under this chapter shall be consistent with and in furtherance of the standards set out in this section.

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

*Section 3. AS 16.05.871 is repealed and reenacted to read:

Sec. 16.05.871. Fish habitat permit required for certain activities in anadromous fish habitat.

- (a) Except as provided under AS 16.05.891, a person must obtain an anadromous fish habitat permit under AS 16.05.867 - 16.05.901 before initiating any activity that may use, divert, obstruct, pollute, disturb or otherwise alter anadromous fish habitat. The commissioner may specify in regulation activities that do not require an anadromous fish habitat permit if the activity has only a de minimis effect on anadromous fish habitat.
- (b) The commissioner shall specify in regulation anadromous fish habitat.
- (c) In the absence of a specification under (b) or a site-specific determination by the department under (e) of this section, the commissioner shall presume that a naturally occurring permanent or seasonal surface water body, including all upstream tributaries and segments, is anadromous fish habitat if it is connected to anadromous waters specified under (b) of this section or connected to marine waters.
- (d) The presumption established under (c) of this section applies exclusively to AS 16.05.867- 16.05.901.
- (e) The department may conduct a site-specific review at the request of an applicant to determine whether to exclude a water body from the presumption established under (c) of this section. A determination that a water body is not anadromous fish habitat must be supported by the commissioner's written finding and verifiable documentation that it is not anadromous fish habitat. Any site-specific determination must be made available on the department's internet website with public notice provided through the Alaska Online Public Notice System (AS 44.62.175). The commissioner shall adopt regulations specifying how the department shall conduct site-specific reviews.
- (f) In this chapter, "anadromous fish habitat" means a naturally occurring permanent or intermittent seasonal water body, and the bed beneath, including all sloughs, backwaters, portions of the floodplain covered by the mean annual flood, and adjacent riparian areas, that contribute, directly or indirectly, to the spawning, rearing, migration, or overwintering of anadromous fish.

*Section 4. AS 16.05 is amended by adding a new section to read:

Sec. 16.05.875. Anadromous fish habitat permit application.

- (a) An applicant for an anadromous fish habitat permit shall complete an application on a form approved by the department for a permit under AS 16.05.867-16.05.901 and submit the application to the department. The commissioner shall require or collect all information, plans and specifications necessary to assess the proposed activity's potential adverse effects on anadromous fish habitat, and may collect or request additional information to evaluate an application. An applicant shall provide all information required or requested by the commissioner to assess a proposed activity's effects on anadromous fish habitat, including
 - (1) the scope, timing and duration of the proposed activity; and
 - (2) mitigation measures planned for areas of affected anadromous fish habitat.
- (b) Upon receiving a complete fish habitat permit application and any other information

Ballot Measure No. 1

- requested or collected by the commissioner, the commissioner shall determine whether the proposed activity has the potential to cause significant adverse effects on anadromous fish habitat under AS 16.05.877(a). Before making the determination, the commissioner may work with the applicant in planning the activity to avoid or minimize the activity's potential adverse effects on anadromous fish habitat.
- (c) If the commissioner finds that a proposed activity with proposed conditions and mitigation measures will not cause significant adverse effects to anadromous fish habitat under AS 16.05.877(a), the commissioner shall determine the application is for a minor anadromous fish habitat permit under AS 16.05.883.
 - (d) If the commissioner finds that a proposed activity has the potential to cause significant adverse effects to anadromous fish habitat under AS 16.05.877(a), the commissioner shall determine the application is for a major anadromous fish habitat permit under AS 16.05.885.
 - (e) The department shall provide public notice of a determination made under this section. The department shall
 - (1) post notice of the determination on the Alaska Online Public Notice System (AS 44.62.175); and
 - (2) make a copy of the application available on the department's website.

*Section 5. AS 16.05 is amended by adding a new section to read:

Sec. 16.05.877. Significant adverse effects.

- (a) The commissioner shall find the potential for significant adverse effects where the activity may, singly or in combination with other factors:
 - (1) impair or degrade any habitat characteristic protected under AS 16.05.867;
 - (2) interfere with or prevent the spawning, rearing, or migration of anadromous fish at any life stage;
 - (3) result in conditions known to cause increased mortality of anadromous fish at any life stage;
 - (4) lower the capacity of anadromous waters to maintain aquatic diversity, productivity or stability; or
 - (5) impair any additional criteria, consistent with the requirements of AS 16.05.867-16.05.901, adopted by the commissioner through regulation.
- (b) The commissioner shall find that the proposed activity will cause substantial damage to anadromous fish habitat and fish and wildlife species if, despite the application of scientifically proven, peer reviewed and accepted mitigation measures under AS 16.05.887, the anadromous fish habitat will be adversely affected such that it will not likely recover or be restored within a reasonable period to a level that sustains the water body's, or portion of the water body's, anadromous fish, other fish, and wildlife that depend on the health and productivity of that anadromous fish habitat.
- (c) In determining whether anadromous fish habitat will recover or be restored within a reasonable period under this section, the commissioner shall account for the life stage, life span, and reproductive behavior of the species of anadromous fish that depend on the habitat adversely affected by the proposed activity using the best

available scientific information.

- (d) In determining whether adversely affected anadromous fish species will remain sustainable and recover, the commissioner shall consider likely post-project conditions known to result in the mortality of anadromous fish at any life stage, and known to interfere with or prevent spawning, rearing or migration of anadromous fish using the best available scientific information.

*Section 6. AS 16.05 is amended by adding new sections to read:

Sec. 16.05.883. Minor individual anadromous fish habitat permit.

- (a) A minor anadromous fish habitat permit may be issued by the commissioner for an activity if the commissioner determines that:
 - (1) all application requirements under AS 16.05.875 are met, including the determination that the activity will not cause significant adverse effects to anadromous fish habitat; and
 - (2) public notice has been given as required in AS 16.05.875(e).
- (b) The minor anadromous fish habitat permit under this section must include all permit conditions or mitigation measures required of the permittee under AS 16.05.887.

Sec. 16.05.884. General permits for minor activities.

- (a) The commissioner may authorize a general permit on a regional or other geographical basis for similar activities, if the commissioner determines that:
 - (1) the activity will not singly or cumulatively cause significant adverse effects on anadromous fish habitat;
 - (2) the activity is not related to large-scale development;
 - (3) adverse effects can be avoided by meeting certain conditions and stipulations;
 - (4) any conditions or stipulations are mandatory and enforceable; and
 - (5) a general permit is in the public interest.
- (b) The commissioner may issue a proposed general permit or a person may petition the commissioner to issue a proposed general permit.
- (c) A petition shall include a description of the geographic location and the proposed permitted activity and provide information explaining how the activity meets the requirements under (a) of this section. The commissioner shall determine whether to grant or deny a petition within 30 days.
- (d) When the commissioner makes a determination to propose a general permit under (b) or (c) of this section, the commissioner shall provide public notice of the proposed general permit and provide at least 30 days for receipt of public comments. The commissioner shall hold at least one public hearing if requested by an interested person. If the proposed general permit meets the requirements in (a) of this section, the commissioner may make a determination to issue a general permit.
- (e) The commissioner may issue a regional or geographical authorization to cover any person conducting an activity under a general permit or require a person to first obtain a written authorization from the department before being covered under the general permit. The department shall make general permit authorizations available through

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

- electronic means. The commissioner shall issue a decision on a request for written authorization within 5 work days after receiving the request. The general permit authorization shall set forth enforceable stipulations to avoid adverse effects to anadromous fish habitat.
- (f) The commissioner shall review a general permit at least every 5 years. The commissioner may make a determination to reissue the general permit if the requirements under (d) of this section are met.
 - (g) The commissioner may amend a general permit at any time to include additional stipulations. The commissioner may rescind a general permit if the commissioner determines that the general permit no longer meets the requirements of (a) of this section. The commissioner shall issue public notice of any proposed permit amendment or the intent to rescind a general permit, and shall provide at least 30 days for receipt of public comments.
 - (h) Notice under this section shall be provided in accordance with AS 16.05.875(e).

Sec. 16.05.885. Major anadromous fish habitat permit.

- (a) Unless reconsideration is requested under AS 16.05.889, the commissioner shall, after providing notice under AS 16.05.875(e) of a determination under AS 16.05.875(d), prepare a draft major anadromous fish habitat permit assessment that identifies and describes:
 - (1) the proposed activity;
 - (2) the extent, timing and duration of the potential adverse effects the activity could have on anadromous fish habitat and other fish and wildlife;
 - (3) possible alternatives or modifications to the proposed activity that will avoid or minimize the activity's potential adverse effects on anadromous fish habitat;
 - (4) any permit conditions and mitigation measures that the department may require of the permittee under AS 16.05.887;
 - (5) the amount of the performance bond necessary to restore anadromous fish habitat if the permittee is not in compliance with the permit conditions and mitigation measures required under AS 16.05.887; and
 - (6) the commissioner's determination of whether the proposed activity's significant adverse effects, singly or in combination with other factors:
 - (A) will be prevented or minimized under AS 16.05.887; or
 - (B) will cause substantial damage to anadromous fish habitat under AS 16.05.877(b).
- (b) The commissioner shall collect, or require the applicant to collect, the information needed for permitting. The commissioner may recover fees equal to the cost of services for collecting the information and conducting the fish habitat permit assessment.
- (c) Upon completion of the draft assessment under (a) of this section, the department shall:
 - (1) post notice on the Alaska Online Public Notice System (AS 44.62.175);
 - (2) make a copy of the draft assessment available on the department's website; and
 - (3) provide at least 30 days for public comment.
- (d) After the completion of the comment period established by (c)(3) of this section and evaluation of the comments received, the commissioner shall publish a final assessment and a written permit determination on the department's website. The final assessment

- must include all of the components required for a draft assessment under (a) of this section. The written permit determination shall set forth the reasons for the decision and the basis for concluding that the requirements of AS 16.05.887 and of (e) of this section are met. The department shall post public notice of the final assessment and permit determination on the Alaska Online Public Notice System (AS 44.62.175) and provide written or electronic notice to each person who commented on the commissioner's determination that the application for the permitted activity was an application for a major permit under AS 16.05.875(d) or on the draft assessment prepared under (a) of this section for the activity.
- (e) The commissioner may issue a major permit to an applicant only if:
 - (1) the public notice period required under (c) of this section is complete;
 - (2) any permit conditions and mitigation measures under AS 16.05.887 are mandatory and enforceable;
 - (3) the applicant, if required, provides the bond required by (g) of this section; and
 - (4) a request for reconsideration of the commissioner's final assessment and written determination under (d) of this section is not timely received under AS 16.05.889.
 - (f) If request for reconsideration of the commissioner's final assessment and written determination issued under (d) of this section is timely received under AS 16.05.889(a), the commissioner shall issue a major permit for the activity when the commissioner
 - (1) denies the request for reconsideration or issues a new determination under AS 16.05.889(c); and
 - (2) finds that the requirements of (e) of this section have been met.
 - (g) After the commissioner issues a written permit determination under (d) of this section, the applicant shall file with the commissioner, on a form furnished by the commissioner, a performance bond in an amount established by the commissioner payable to the State of Alaska and conditioned on faithful performance of the requirements of this chapter and the permit. The commissioner may not issue a permit until an applicant files the bond in an amount sufficient to ensure compliance with permit terms and the completion of the mitigation measures determined necessary by the commissioner under AS 16.05.887 and included in the written permit determination posted under (d) of this section. The performance bond may be a corporate surety bond issued by a corporation licensed to do business in the state or a personal bond secured by cash or its equivalent. The commissioner may not accept a bond executed by the applicant without separate surety.
 - (h) A governmental entity or federally recognized tribe is exempt from the bonding requirements of this section.
 - (i) A permittee may not transfer or assign authority to conduct an activity that requires a permit under this section to another person without:
 - (1) the written approval of the commissioner; and
 - (2) posting a performance bond for the transferee or assignee as required under (g) of this section, unless the transferee or assignee is exempt under (h) of this section.
 - (j) In this section "federally recognized tribe" has the meaning given in AS 23.20.520.

*Section 7. AS 16.05 is amended by adding a new section to read:

Sec. 16.05.887. Permit conditions and mitigation measures.

- (a) The commissioner shall prevent or minimize significant adverse effects to anadromous fish habitat. The commissioner shall require a permittee under AS 16.05.885 to implement the permitted activity in a manner that avoids significant adverse effects to anadromous fish habitat or, if significant adverse effects cannot be avoided, to mitigate significant adverse effects to fish and wildlife including anadromous fish habitat under (b) of this section.
- (b) When establishing permit conditions for an activity, the commissioner shall, in order of priority, require a permittee under AS 16.05.883, AS 16.05.884 , or AS 16.05.885 to mitigate adverse effects by taking one or more of the following actions:
 - (1) limit adverse effects of the activity on anadromous fish habitat by changing the siting, timing, procedure, or other manageable qualities of the activity;
 - (2) if the adverse effects of the activity cannot be prevented under (1) of this subsection, minimize the adverse effects of the activity by limiting the degree, magnitude, duration, or implementation of the activity, including implementing protective measures or control technologies; and
 - (3) if the activity cannot be implemented in a manner that prevents adverse effects to anadromous fish habitat under this subsection, restore the affected anadromous fish habitat.
- (c) Permit conditions and mitigation measures under this section may not offset the activity's adverse effects by restoring, establishing, enhancing, or preserving another water body, other portions of the same water body, or land.
- (d) The commissioner shall require an applicant to employ the best available, scientifically supported techniques to mitigate adverse effects under (b) of this section.
- (e) The department may adopt regulations consistent with AS 16.05.867 - 16.05.901 establishing appropriate permit conditions and mitigation measures applicable to activities subject to permitting requirements under AS 16.05 .883, AS 16.05.884 or AS 16.05.885.

*Section 8. AS 16.05 is amended by adding a new section to read:

Sec. 16.05.889. Reconsideration of determinations,

- (a) Within 30 days after the date of a determination of the commissioner under AS 16.05.871(e), AS 16.05.875(c) or (d), AS 16.05.883, AS 16.05.884(d) or (e), or AS 16.05.885(d), any interested person may request that the commissioner reconsider the determination. A request for reconsideration must be in writing.
- (b) Within 30 days after receiving a request for reconsideration, the commissioner shall issue a written determination granting or denying the request. If the commissioner does not act on the request for reconsideration within 30 days after receiving the request, the request is denied. If the commissioner grants the request for reconsideration, the commissioner will issue a final determination within 30 days.
- (c) Unless the commissioner orders a remand for further agency proceedings, the

commissioner's determination upon reconsideration is the final administrative decision for purposes of appeal to the superior court under AS 44.62.560. A person shall initiate an appeal within 30 days after the date that the final determination is mailed or otherwise distributed, or the date that the request for reconsideration is considered denied by the commissioner's failure to act on the request, whichever is earlier.

*Section 9. AS 16.05 is amended by adding new sections to read:

Sec. 16.05.894. Notification of violation.

When the commissioner finds, after investigation, that a person is violating a provision of AS 16.05.867-16.05.901, a regulation adopted under AS 16.05.867-16.05.901, a permit condition or stipulation imposed under AS 16.05.884, or a permit condition or mitigation measure imposed under AS 16.05.883 or AS 16.05.885, the commissioner shall notify the permittee of the nature of the violation and:

- (1) order that the violation be stopped; or
- (2) if the violation cannot be stopped, order the permittee to prevent or mitigate the adverse effects of the violation on anadromous fish habitat, fish and wildlife, and other adversely affected resources in a manner consistent with AS 16.05.867-16.05.901.

*Section 10. AS 16.05.901(a) is amended to read:

Sec. 16.05.901. Penalty for violations of AS 16.05.86716.05.901 (16.05.896).

- (a) A person who, with criminal negligence, violates or permits a violation of AS 16.05.867-16.05.901, a regulation adopted under AS 16.05.867-16.05.901, a permit condition or stipulation imposed under AS 16.05.884, a permit condition or mitigation measure imposed under AS 16.05.883 or AS 16.05.885, or an order issued under AS 16.05.894 is guilty of a class A misdemeanor and is punishable as provided in AS 12.55. In this subsection, "criminal negligence" has the meaning given in AS 16.81.900(a).

*Section 11. AS 16.05.901 is amended by adding new subsections to read:

- (c) Notwithstanding (a) of this section, if a person or governmental agency fails to notify the commissioner of an activity for which a permit is required under AS 16.05.867-16.05.901 and the activity causes material damage to anadromous fish habitat or, by neglect or noncompliance with permit conditions and stipulations imposed under AS 16.05.884 or permit conditions or mitigation measures imposed under AS 16.05.883 or AS 16.05.885, causes material damage to anadromous fish habitat, the person or governmental agency is guilty of a class A misdemeanor and is punishable as provided in AS 12.55.
- (d) Each day that a violation under this section occurs or continues is a separate violation.
- (e) A person who violates or permits a violation of AS 16.05.867-16.05.901, or a regulation adopted under AS 16.05.867-16.05.901, a permit condition or stipulation imposed under AS 16.05.884, a permit condition or mitigation measure imposed

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

under AS 16.05.883 or AS 16.05.885, or an order issued under AS 16.05.894 is liable, after notice and hearing, for a civil penalty in an amount not to exceed \$10,000 to be assessed by the commissioner. In determining the amount of the civil penalty, the commissioner shall consider:

- (1) the character and degree of injury to anadromous fish, other fish, and wildlife habitat;
 - (2) the degree of intent or negligence of the respondent in causing or permitting the violation;
 - (3) the character and number of past violations caused or permitted by the respondent; and
 - (4) if the information is available, the net economic savings realized by the respondent through the violation.
- (f) If a respondent violates an order issued under AS 16.05.894, the attorney general, upon the request of the commissioner, may seek an injunction requiring the respondent to suspend an activity, in whole or in part, until the respondent complies with the order.
- (g) If a respondent violates an order issued under AS 16.05.894 that requires the respondent to repair or correct damage, the commissioner may proceed to repair or correct the damage using state agency employees or contractors and the respondent shall be liable for the cost of the repair. The commissioner shall deliver to the respondent an itemized statement of expenses incurred.
- (h) The supreme court shall establish by order or rule a schedule of bail amounts for violations under (a) of this section that allow the disposition of a citation without a court appearance. The bail amount for a violation must be stated on the citation.

*Section 12. AS 16.05 is amended by adding new sections to read:

Sec. 16.05. Scope.

The provisions of this Act do not apply to existing activities, operations, or facilities that have received all required federal, state, and local permits, authorizations, licenses, and approvals for activities adversely affecting anadromous fish habitat, on or before the effective date of this Act, until expiration or termination of the user's permit, authorization, license, or approval.

*Section 13. AS 16.05.851 and AS 16.05.896 are repealed.

AS 16.05.851 and AS 16.05.896 are repealed.

*Section 14. The uncodified law of the State of Alaska is amended by adding a section to read:

The provisions of this Act are independent and severable. If any provision of this Act is found to be invalid or unconstitutional, the remainder of this Act shall not be affected and shall be given effect to the fullest extent possible.

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

STATEMENT IN SUPPORT

We are fortunate to live in one of the last strongholds of wild salmon in the world. Everywhere else salmon have occurred in Europe and North America, irresponsible development and human activity have wiped out or threatened those salmon populations. Alaska can avoid that same fate by **voting YES for Salmon**.

Alaska's wild salmon are critical to our state's economy, cultures and way of life. But as our state grows and the number and scale of development projects increase, irresponsible development will cause significant habitat destruction. **Unless we strengthen state laws, we could lose this irreplaceable resource that connects us all and defines who we are as Alaskans.** What does Alaska look like without our thriving and abundant wild salmon populations? This ballot initiative before you ensures we will never have to answer that question. **Please vote YES for Salmon.**

Salmon fisheries provide jobs for over 30,000 Alaskans and generate almost \$2 billion in economic activity each year. According to the Alaska Department of Fish and Game, salmon provide up to 61% of the protein in the diets of rural Alaskans. Yet the state law intended to protect wild salmon rivers and other habitat is now over sixty years old, has no legally enforceable standards to adequately protect salmon habitat from irresponsible development, and has no process for Alaskans to weigh in on projects that could harm salmon resources.

The Yes for Salmon initiative would bring this outdated and ineffective law into the 21st Century by creating a more transparent, responsible and balanced approach to large-scale development projects. It puts into place modern, science-based safety standards and common-sense accountability to protect Alaska jobs and help prevent major catastrophes that could wipe out huge portions of our state's wild salmon populations.

Here is what voting Yes for Salmon would do:

- Establish clear, enforceable standards for development around salmon streams, requiring things like adequate water in streams, fish passage, and good water quality that wild salmon need and preventing major projects from doing substantial long-term damage to salmon streams;
- Protect access for our subsistence, commercial and sport fishing activities;
- Ensure that Alaskans, for the first time, have a voice in the permitting process for major development projects that could harm salmon streams;
- Give Fish and Game authority over all salmon streams in Alaska;
- Ensure that responsible development projects move forward in a way that protects our wild salmon legacy.

Alaska Stands for Salmon – Please vote YES for Salmon!

Ballot Measure No. 1

An Act Providing for the Protection of Wild Salmon and Fish and Wildlife Habitat

STATEMENT IN OPPOSITION

Vote NO on 1 to Protect Alaska's Communities, Jobs and Economy

What is Ballot Measure 1?

Ballot Measure 1 will harm Alaska's economy and cost Alaskans their jobs. It eliminates our science-based fish habitat protections and replaces it with more red tape and untested regulations. From road improvements to projects on the North Slope, this measure will shutdown or delay existing operations and future projects and puts our future at risk.

What Will Ballot Measure 1 Do?

It threatens our jobs and our economy; it threatens our rights as property owners; it threatens our ability to maintain or develop public infrastructure; and it doesn't do what supporters say it will: it does not fix the problems facing our salmon runs. None of that should come as a surprise since the measure was created and funded by Outsiders who have no vested interests in Alaska. **This would threaten projects and activities including, but not limited to: roads, pipelines, wastewater treatment facilities, docks, bridges, land access, home building, septic systems, hydroelectric power, mining, ice roads, tourism operations and more. And it boosts state spending and the number of state employees.**

What Will Voting No on Ballot Measure 1 Do?

- Protect our jobs, our economy and our state revenue
- Maintain our current science-based fish habitat protections
- Allow existing operations, like the Trans-Alaska Oil Pipeline, to continue operating
- Let important new projects, like the Alaska Natural Gas Pipeline, to move forward
- Protect private property owners' rights to build or repair on their own land
- Prevent increases in unnecessary State spending
- Allow important road projects to move forward
- Enable communities to use and develop hydroelectric power
- Preserve Alaska Native corporations' ability to develop their lands

Vote NO to Protect Our Jobs and Economy

Ballot Measure 1 will make it much more costly or impossible for existing and future projects throughout the state—particularly those in rural Alaska—to move forward. Without those projects, Alaska's jobs and economy will be in peril at a time when Alaska is in recession and has the highest jobless numbers in the nation. According to State officials, the measure will cost millions of dollars in new state spending.

Vote NO to Protect Your Rights

Under Ballot Measure 1, simple projects like adding or repairing a dock or a culvert on your property will become tangled in endless red tape. You would have to pay for an expensive scientific study, and your project could be open to public comment, meaning anyone, including Outsiders, could sue to stop your project. And, your failure to navigate the new red tape could land you in jail and result in thousands of dollars in criminal penalties.

Vote NO for a Better Solution

Fisheries scientists say that ocean problems are causing Alaska's low salmon runs. Ballot Measure 1 doesn't address ocean issues at all. This measure doesn't solve the problem and, if it passes, will only make it harder for Alaska to enact better policies.

Judges on the Ballot

Alaska Judicial Council Evaluation and Recommendations

Why do judges appear on the ballot?

The Alaska Constitution and state law require all state judges to appear periodically on the ballot for approval or disapproval by the voters. This power and duty of the people to vote whether to retain judges is a critical part of Alaska's judicial system.

What information is available about judges on the ballot?

Voters often feel they do not have enough information to vote on judges. To help voters make informed votes, the Alaska Judicial Council is required by law to evaluate the performance of sitting judges who are up for retention, and to make this information available to voters. The Alaska Judicial Council publishes its information in this Election Pamphlet, and on its web site at:

www.knowyouralaskajudges.com.

How are judges chosen in Alaska?

Under the Alaska Constitution, the selection of judges is a two-part process involving the Alaska Judicial Council and the governor.

The Alaska Judicial Council is a non-partisan citizens commission. The Council reviews applications of people who want to be judges and nominates the best-qualified among them. The governor appoints a judge from the list of nominees.

Retention Election. After appointment, judges must appear on the ballot in order to remain judges. The framers of our constitution thus provided Alaskans with a non-partisan, merit-based system of judicial selection, and a retention election that ensures judges remain accountable to the public.

What judicial qualities did the Alaska Judicial Council evaluate?

The Judicial Council evaluated judges':

- Integrity, diligence, impartiality, fairness, temperament and legal ability,
- Ability to manage caseloads, and
- Overall performance of their duties in and out of the courtroom, including judgment.

What are the Alaska Judicial Council recommendations for judges on the 2018 ballot?

The Judicial Council recommends a
“YES”
vote on all judges standing for retention.

Please review the following pages for more details about the recommendation on each judge.

How did the Alaska Judicial Council evaluate the judges on the 2018 ballot?

- **Surveyed Thousands of Alaskans:** The Judicial Council surveyed peace and probation officers, court employees, attorneys, jurors, and social services professionals.
- **Public Hearings & Public Comment:** The Judicial Council asked for comments from the public, and held a statewide public hearing.
- **Review of Other Information:** The Judicial Council reviewed conflict of interest statements filed with the Alaska Public Offices Commission, and separate financial disclosure forms filed with the court system. It reviewed court personnel records. It researched whether any salary warrants were withheld for untimely decisions and whether any disciplinary matters came before the Alaska Commission on Judicial Conduct. The Judicial Council analyzed the number of peremptory challenges filed against a judge, and the number of times the judge’s decisions were reversed on appeal.
- **Considered Judges’ Self-Assessments:** The Judicial Council invited each judge to assess his or her own performance over his or her most recent term.
- **Questioned Attorneys with Recent Experience:** The Council invited attorneys who had recently litigated a case before each judge to provide detailed observations about the judge’s performance in that case.

Alaska Judicial Council Members

Dave Parker lives in Wasilla and is a retired Anchorage police officer, former teacher, and pastor.

James Torgerson is an attorney from Anchorage in private practice.

Loretta Bullard lives in Nome. Her background is in corporate management at an ANCSA regional nonprofit.

Galen Paine is an attorney from Sitka in private practice.

Lynne Gallant is a public member from Anchorage.

Geraldine Simon is an attorney from Fairbanks.

What is the Alaska Judicial Council?

- The Alaska Constitution sets the Judicial Council membership:
 - » Three members who are not attorneys are appointed by the governor and confirmed by a majority of each house of the Alaska Legislature;
 - » Three attorney members elected by their peers in an advisory ballot and are appointed by the Board of Governors of the Alaska Bar Association, an entity created and authorized by the Alaska Legislature; and
 - » The Chief Justice of the Alaska Supreme Court serves as chair. (The Chief Justice does not vote unless his or her vote can affect an outcome.)
- The Constitution requires all appointments to the Council be made with “due consideration to area representation and without regard to political affiliation.”
- Members serve staggered terms. They receive no financial compensation for their work other than reimbursement for travel expenses.

STATEMENT:

I have had the privilege of serving Alaska as a Superior Court Judge since being sworn in on September 29, 2014. Since then, not a day has passed without me being humbled by the amount of trust and responsibility accompanying this position. I continuously strive to enhance my proficiency and to prove correct those who placed me here.

When coming to court, everyone should feel confident that the court will sincerely listen to their case, that their case will be fairly considered, and that their case will be decided in a timely fashion. My goal is to further cultivate and enhance this court's reputation for doing so. I find serving Alaskans tremendously rewarding. I seek retention so that I may be permitted to continue in this pursuit.

Superior Court Judge

William F. Morse, Third Judicial District

STATEMENT:

I have had the privilege of serving as a superior court judge since 2002. I try to approach each case with the understanding that for the litigants it is perhaps the most important current event in their lives. I strive to understand each party's position and to fairly and neutrally apply the law to them. I think being a judge has been the most demanding, important, and fulfilling job I have ever had. I enjoy helping parties come to their own resolution of disputes, if possible. If they cannot, then I am willing to make the difficult decisions given to me. If retained I will continue to work hard to provide impartial justice to all who appear before me.

STATEMENT:

This is my first retention election. These past three years have proven to be the most fulfilling in my twenty-five year legal career. My family and I have had a wonderful life in Alaska. The state of Alaska has given me an opportunity to give back to the people of Alaska for that amazing life. I am honored to have this opportunity to serve. It will be an honor if the good people of Alaska permit me to continue to serve in this capacity.

One of my roles on the bench is to ensure that every Alaskan citizen has equal access to the court system. Every case warrants serious consideration, compassion and fairness. It is important that every person who appears in my courtroom has an opportunity to be heard and their case is evaluated fairly and according to the law. I will continue to work hard and provide a fair opportunity for all parties to be heard. I will continue to strive towards living up to these principles and look forward for this opportunity to continue serving.

POLITICAL AND GOVERNMENT POSITIONS:

Law Clerk, Alaska Court of Appeals	1994-1995
Assistant Public Defender	1995-1996
Assistant Attorney General	1996-2001
Assistant Municipal Prosecutor	2001-2011

SPECIAL INTERESTS:

Biking, Skiing, Hiking

OTHER:

I grew up in the Boston area, and attended law school there. During the summer of 1993, I interned at the Alaska Office of Public Advocacy. After graduating, I returned to Alaska to be a law clerk. I then went to Kenai to be a public defender. Later, I returned to Anchorage to work for the Attorney General, doing consumer protection and child protection work. Subsequently, I worked at the Municipal Prosecutor's Office, as a trial supervisor of the domestic violence unit and trial attorneys and at various times, I served as Deputy Municipal Prosecutor.

STATEMENT:

I love Alaska and have made this special place my home. When I arrived in Alaska in 1994 as a young lawyer, I immediately became enamored with the friendliness, the spirit, and the wildness of Alaska.

For me, it was a daunting task to go to law school and then overcome the challenges of litigating. So, I recognize that coming to court is an uncomfortable experience for many individuals because I have personally experienced it. In the past 20 plus years, I have had the opportunity to have served as a law clerk, public defender, prosecutor, juror, and judge. These experiences have exposed me to the different aspects of the court system in Alaska, and I believe that the Alaska Court System strives to be fair to all people. As a judge in district court for the past seven years, I have seen that a lot of people appearing in my courtroom are dealing with significant struggles and conflicts. Every day, I strive to listen and respond to people, with dignity and respect, as they confront difficult situations. I feel fortunate to have served as a state court judge, thus far, and hope to continue to serve the public as a district court judge.

STATEMENT:

I have lived in Alaska since 1972. After attending college and law school, I returned to Alaska because of my strong desire to stay in Alaska and serve the community where I was raised. As an Assistant District Attorney and Assistant Attorney General in Anchorage, Barrow, Fairbanks, and Palmer, I became familiar with the issues that face all Alaskans when they become involved with our justice system. This experience has enabled me to deal efficiently and fairly with the high volume of cases in the Anchorage district court. In criminal cases, I strive to make sentencing decisions that meet both the needs of the community and the victim, as well as addressing a defendant's rehabilitation. In civil cases, I listen carefully to the parties and take the time to reach decisions that are well reasoned and just.

Within the court system itself, I continue to work collaboratively with other judges to make hearings more efficient for the public. I also work with other judges and attorneys to improve our jury instructions in criminal cases so that they are current and more understandable.

I am committed to treating everyone who becomes involved in our justice system fairly and with respect. I greatly enjoy both serving and being a member of this community.

POLITICAL AND GOVERNMENT POSITIONS:
Assistant Attorney General, Assistant District Attorney,
District Court Judge.

SPECIAL INTERESTS:
Hiking, gardening, history, travel.

OTHER:
Third generation Alaskan.

STATEMENT:

Serving in the Palmer District Court is very satisfying. This is the "ounce of prevention" court where we deal with the majority of the courts' cases and a full 80% of the criminal cases. We see the widest variety of human misfortune. In each case, I look for a "silver lining" or the opportunity for the person to get the knowledge, skills and tools that can help them to avoid coming back to court until, perhaps, to serve as a juror on someone else's case.

I believe that respect, patience, and understanding go a long way toward helping people who have been brought to court to find their way to a better future. If they can do that, they help not only themselves but also the community and the families, victims and others involved in the unfortunate events leading to the court case.

As a lifelong Alaskan, it has been an honor for me to serve the Valley as a judge for 15 years, handling well over 60,000 cases. I love my job, and try to treat each person who appears before me fairly and with respect. One of the high points of my judicial service has been helping start Palmer's mental health court. I truly believe this therapeutic court has helped many people turn their lives around. I care deeply about providing justice to all the people that come before me and it is an honor to serve the people as a judge in Palmer.

OTHER:

After graduating from law school, I worked for a small general practice law firm in Cherry Creek, Colorado. I became interested in spending more time in a courtroom which led to my work as a district attorney and judge. My husband Glenn and I married in 1988. In 1990 we were able to move to Alaska, a dream we shared. Glenn has worked for many years on an offshore oil platform in Cook Inlet.

STATEMENT:

It has been an honor to serve the people of the State of Alaska in both my previous positions with District Attorney's Offices and in my current position as a District Court Judge. I always strive to treat everyone with fairness and respect. I try to make certain that the many self-represented litigants who appear in court understand what is happening and the options that are available. Jurors are essential to the functioning of the court system and I try to make the many citizens who report for jury service aware of the importance of their role and to respect their time as much as possible. Before making any decision, I work hard to become aware of and to carefully and impartially evaluate both the facts and the law.

Serving as the only District Court Judge in Kenai has been both challenging and rewarding. If retained, I will continue to do the best job that I can to serve the citizens of the State of Alaska and the Kenai Peninsula.

STATEMENT:

It has been a privilege for me to serve as a District Court Judge. I am grateful for the positive recommendation of the Alaska Judicial Council.

I am honored to be a member of what I believe to be among the finest judicial systems in the country. I work hard to provide a forum that is fair to all parties and to treat all who appear before me with courtesy and respect. I try to consider each case in a careful, impartial and thoughtful manner and to render a judgment that is impartial and in accordance with the law.

I have welcomed opportunities to promote respect for democratic principles and our system of justice by speaking to groups such as youth court graduations and by participating in mock trial with school classes. The job of a judge requires constant study to remain current in the law and to learn new ways to improve the administration of justice. In addition to private study, I have pursued educational opportunities such as legal seminars to improve my performance as a judge.

I have always strived to conduct myself with integrity, humility and diligence. If retained I will continue to perform my duties to the best of my ability and endeavor to be worthy of the job entrusted to me.

ALASKA REPUBLICAN PARTY

If you love America, if you love the US Constitution, if you love individual freedom, if you love life, liberty and the pursuit of happiness, the Alaska Republican Party is the political party for YOU!

We are the Party of Personal Freedom, Responsibility, and Unlimited Opportunity.

The Republican Party is the largest political party in Alaska. Registered Republicans include people from all walks of life, every age group, every creed, sex, color and cultural background.

We are a voluntary association of a group of feisty individuals. We love to share our opinions, debate, discuss, deliberate and even agree to disagree! People matter even in the midst of differing points of view.

We believe Alaskans can be united, our economy can prosper and our state budget can be balanced.

We believe in cutting bloated and wasteful state budgets, low taxes, strong public safety, exceptional public and private education, and the best infrastructure in the world.

We Republicans are putting America first, rebuilding our magnificent military, renegotiating fair trade agreements, protecting our borders, respecting our Constitution, reducing government regulation and unleashing the power of free enterprise and the genius of the American people.

We Republicans are especially focused on Alaska with support for ANWR and access to natural resources, which are vital to our economy. We support "Stand for Alaska".

We are proud of our multi-cultural heritage and we are proud to be Americans.

We are volunteers, we care about our communities, our state, and our nation. We volunteer our time, our treasure and our voice to our mutual efforts to elect the best team possible to help govern our nation, our state, and our local governments.

We welcome discussion, debate and all those who are ready to "walk away" from the politics of division, identity politics, hate, and blame. Republicans working together will ensure our best days are yet ahead!

The Alaska Republican Party welcomes YOU.

RESOLUTION 18-001

ADOPTED BY THE STATE CENTRAL COMMITTEE OF THE ALASKA REPUBLICAN PARTY

No Changes to the Traditional, Statutory and Current Formula for the Permanent Fund Dividend (PFD) Without a Vote of the People

Whereas, the Alaska Permanent Fund was created by a VOTE of the People,

Whereas, the principal of the Alaska Permanent Fund has been largely protected by a VOTE of the People through a Constitutional Amendment.

Whereas, when changes were considered to the use of the realized earnings and undistributed income account in 1998, the proposed change was submitted to an advisory VOTE of the people of Alaska,

Whereas, the people voted by an 83-17 percent margin to reject the proposed change to the traditional, statutory and current formula, and the government honored the will of the People expressed through the 1998 Advisory Vote,

Whereas, the principal of the Alaska Permanent Fund is by law derived from only one quarter of the owner's 12.5 percent royalty share due from mineral and oil and gas development on State land,

Whereas, the State already taxes the remainder of the owner's royalty share to use directly for government spending,

Whereas, over three decades ago a statutory formula was adopted to provide for Permanent Fund Dividends to the royalty owners (that is individual Alaskans) derived in perpetuity from the earnings of the principal of the Permanent Fund,

Whereas, this traditional, statutory and current formula provides for approximately half of the average realized earnings over time to be distributed as a dividend to the royalty owners (that is individual Alaskans),

Whereas, this traditional, statutory and current formula also provides for approximately half of the average realized earnings to be readily and freely available to the State for inflation-proofing the principal and for general government spending,

Whereas, for more than thirty years this traditional statutory formula was followed and respected by the State, that is until the State kept half the authorized PFD in 2016,

Whereas, in 2017 the State arbitrarily reduced the PFD authorized by the statute's traditional, statutory and current formula - without any VOTE by the People,

Whereas, in 2018 again the State arbitrarily reduced the PFD to a level that ignores the traditional, statutory and current formula for calculating Dividends,

Whereas, the State can eliminate all Dividends, or set Dividend amounts at will, or even spend every penny of Permanent Fund earnings, and

Whereas, the constitutionally protected principal of the Permanent Fund is guaranteed to generate earnings in perpetuity, and that those realized earnings will, also in perpetuity, be available for providing for the traditional Permanent Fund Dividends, and

Whereas, the State has adopted a change to the traditional, statutory and current formula without a VOTE of the People;

Therefore, Be It Resolved, that any change to the traditional, statutory and current law for calculating Permanent Fund Dividends shall, at a minimum, be subject to an advisory VOTE of the People.

Alaska Libertarian Party

Libertarians believe in personal freedom and personal responsibility. All Alaskans should be free to live their lives and pursue their interests as they see fit, as long as they do not interfere with others.

We advocate for a government that stays out of people's personal, family, and business decisions. We are strong supporters of Civil Rights and the principles enshrined in the U.S. Constitution and Bill of Rights.

We stand for...

- Fiscal Responsibility
- Limited Government
- Lower Taxes
- Free Market Principles
- Personal Liberty

We support...

- Restoration of the PFD
- Balancing the Budget
- Criminal Justice Reform
- Parental Rights
- Tribal Sovereignty

The Libertarian Party is the only political organization which respects you as a unique and responsible individual, and is the only major political party that consistently promotes limited government.

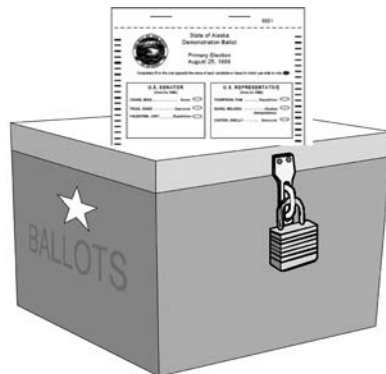

We ask all eligible Alaskan voters to register Libertarian and assist us in building the fastest growing political party in America. For more information visit AlaskaLP.org or [Facebook.com/AlaskaLiberty](https://www.facebook.com/AlaskaLiberty).

A GLOBAL PERSPECTIVE

2018

LETTER FROM THE CHAIR

APFC

ALASKA PERMANENT
FUND CORPORATION

The Alaska Permanent Fund (Fund) was created by the adoption of a Constitutional Amendment in a statewide election over 42 years ago. Under the stewardship of the Alaska Permanent Fund Corporation (APFC), the Fund has grown from the first deposit of \$734,000 in royalties to a multi-billion dollar, globally recognized, leading sovereign wealth fund. The successes of the Fund and APFC are shared with all Alaskans - as they are founded in our Alaskan commitment to ensure that these financial assets are wisely invested and produce compelling long-term results for all generations.

APFC's team of experienced and knowledgeable professionals is unified in promoting and adhering to the principles of transparency, accountability, and best in class practices in the management of the Fund. Our results driven investment staff strives to out-perform select benchmarks on a daily basis, as they work to generate wealth and grow the value of the Fund. The active management of APFC's portfolio is based upon on the strategic directives developed by the Board of Trustees.

The Trustees serve as the Fund fiduciaries and ensure the assets are managed and invested in a manner consistent with legislative findings in AS 37.13.020:

- The Fund should provide a means of conserving a portion of the state's revenue from mineral resources to benefit all generations of Alaskans;
- The Fund's goal should be to maintain safety of principal while maximizing total return;

- The Fund should be used as a savings device managed to allow the maximum use of disposable income from the fund for purposes designated by law.

The acknowledgement of our achievement in converting a non-renewable natural resource into a renewable financial resource reaches well beyond the borders of our last frontier. APFC's investment model has been recognized globally for its ability to create and grow value on a sustainable basis for Alaska. Earlier this year, APFC welcomed the recognition as "Sovereign Wealth Fund of the Year" in Hedge Fund Investments by *Institutional Investor* and "Limited Partner of the Year - Americas" by *Private Equity International*.

In broadening our investment reach and building success globally, APFC routinely identifies and cultivates relationships with like-minded partners. Our relationships are based on cooperation, trust, and transparency. APFC's guiding principles and long-range investment vision for Alaska are underscored by our commitment to establishing enduring professional trust and confidence in our stewardship of the Fund. In our service to Alaska and our partners around the world, APFC is united by our shared values of Integrity, Stewardship, and Passion.

OUR MANDATE

The Alaska Permanent Fund Corporation is a state entity based in Juneau which manages the assets of the Alaska Permanent Fund; and other funds designated by law, such as the Alaska Mental Health Trust Fund. APFC's investment model is globally recognized for its ability to create and grow value on a sustainable basis for Alaska.

MANAGING THE FUND

Our APFC team of skilled professionals is responsible for the day-to-day operations, accounting, and investment of the Fund and is overseen by a six-member Board of Trustees who serve as fiduciaries. Together the Trustees and Staff strive to achieve long-term investment success on behalf of our fellow Alaskans.

UNDERSTANDING THE FUND

Alaskans amended the Constitution in 1976 to establish the Alaska Permanent Fund, directing at least 25 percent of Alaska's non-renewable mineral royalties be deposited into the Fund and used only for income producing investments. Growth of the Fund is generated through deposits to the Principal and through returns on investments. In a state with primarily non-renewable resources, the Fund generates renewable revenue for current and future generations of Alaskans.

STRUCTURE OF THE FUND

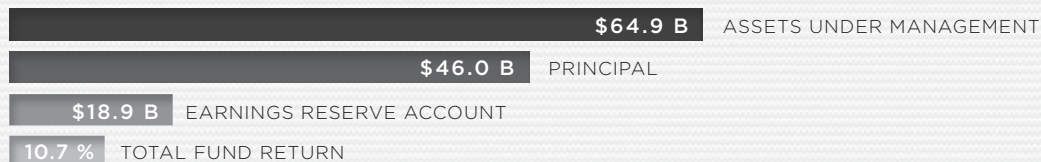

The Fund is invested as one comprehensive strategy and divided into two parts: Principal (nonspendable) and Earnings Reserve Account - ERA (assigned). The Principal is constitutionally established and permanently protected. It can only be used for income-producing investments and grows through deposits of royalties, inflation proofing, and special appropriations. The ERA is a statutory account and holds the realized earnings generated by the Fund's investments. It can be appropriated by the Legislature for any state purpose.

APFC VISION STATEMENT

OUR VISION IS TO DELIVER SUSTAINED, COMPELLING INVESTMENT RETURNS AS THE UNITED STATES' LEADING SOVEREIGN ENDOWMENT MANAGER, BENEFITTING ALL CURRENT AND FUTURE GENERATIONS OF ALASKANS.

INVESTMENT STRATEGY

The Alaska Permanent Fund Corporation strives to maintain a well-diversified investment portfolio that distributes risk and generates the highest possible return within the mandate given by the Board of Trustees. APFC's asset allocation is approved by the Board, reviewed annually, and designed to deliver risk-adjusted returns of at least 5% plus CPI over the long-term for the benefit of all generations of Alaskans.
