

I come to the library.

I take the elevator or stairs to the second floor.

I go to the children's room.

I find a seat in the Storytheater.

I listen while the librarians read stories.

We sing songs and play. I can sing and play along, or I can just listen.

My mom or dad or other grownup stays with me during storytime.

After Storytime, I can play.

I can leave the Storytheater when I am ready.
