Call to Order

5:34 The meeting was called to order by Cristy Willer.

Land Acknowledgement

5:40 – Land acknowledgement was given by Cristy Willer.

Person(s) to be Heard

None.

Mission Moment

The LAB was given a Loussac Library tour by Jacob Cole.

Approvals

- 5:45 Dennis Dupras moved to approve the November meeting minutes, seconded by Denali Tshibaka.
- Nancy Hemsath moved and Doug Weimann seconded approval of the Agenda as amended to include an update on the Bookmobile project.

Discussion/Action Items

1. 5:50 Director’s Report

   a. Judy led the group through the Director’s report. Highlights: The Strategic Plan is being updated, informed by a staff survey; “Golden Days” event for seniors went well; Children’s Bible
Story group has begun; community engagement of youth is increased; and an appraiser for the Library’s rare books and paintings has been hired, for insuring and possible auctioning.

b. Barbara Jacobs asked about the Mayor’s goals for LAB. Judy said that the Mayor is currently working on them and she agreed to provide a copy to the LAB when they were complete.

c. The Library received $80k for Library Bookmobile donation, and is looking at purchasing a used van. The funds still need to be appropriated by the assembly.

2. 6:10 Denali Tshibaka Presentation: “Inappropriate Literature: The Problem and the Solution”

a. Denali reviewed several examples of books she felt inappropriate for the “youth” section: Teen Underground – Social Intercourse (referencing gay sex, deemed as inappropriate in the presentation); Blood Moon – Graphic depiction of sex & menstruation; The Key to You and Me – currently present in the teen section.

b. Denali as a teenager feels it is not right for these books to be present in the kids’ areas.

c. Directly behind the teen section is the foreign book section with more inappropriate literature, more in Youth Services.

Denali proposed a solution: Parents and teens should discuss & discern what would be considered appropriate literature for the youth section, help gain community insight.

a. Segregate LGBTQ books to its own section, out of the kids section

b. Segregate all LGBTQ out of kids section

c. Move graphic scenes books to adult section

d. Display neutral (?) books only

 e. Add more classic literature to teen section

Comments

- Judy Eledge – We want to take a proactive stance about how literature is categorized at the library.
- Barb Jacobs – We have a process for book orders collection, and shelving. Books should not be taken down; we are not trying to censor books in the public library.
- Travis Gularte – Makes the point that segregating books based on sexual preference and gender is tantamount to racial segregation and isolating kids and teens who may be questioning their sexual identity is extremely dangerous. Barb agrees that kids shouldn’t feel singled out.
- Doug Weimann—States he is having similar issues at his elementary school with inappropriate literature in the children’s section.
- Barb Jacobs—It’s the parent’s right to decide which books their kids should be exposed to, and agrees that reorganizing via age group rather than sexuality is appropriate.
- Denali Tshibaka—agrees and thinks simple re-org is appropriate and states she is against censorship.

Adjournment

6:30 – Nancy Hemsath moved, and Denali seconded, a motion to adjourn for the library tour.

Next Meeting

January 19, 2022 – 5:30pm
Happy New Year to everyone. We are all back to work and able to cover for a couple of people caught in the holiday flight nightmares getting back to work. A big thank you for departments affected for working as a team to ensure things went smoothly.

We just received an updated COVID policy. In our review it seems not much has changed except quarantine time of someone testing positive for COVID or in close contact with a COVID positive person. That quarantine goes from 10 to 5 days. The changes are CDC acceptable guidelines. We are lucky in the library that we have many large areas and if needed can spread out so not much has to change.

Our Winter Wonderland was a huge success. I have never made 50+ noise makers but I am now an “expert.” Thank you, Elizabeth and your team, for organizing another event with the Mayor’s office.

We have completed our phase one appraisals of the AK Collection that began with the 17+ items in the Galleria outside of the Ann Stevens room. The evaluation on just the paintings was over $450,000.00. A big thank you to Sarah Preskitt, Rick Henderson and Brendan Farrell in helping Melissa Fouse, the appraisal, and for cleaning the entire galleria and installing new LED lights. It is beautiful to see once again.

Several of us were able to tour the old municipal building again as a possible location for the Downtown Library. It is a beautiful historical building that has survived many earthquakes and seems to be in great condition. Among those attending were Roe Sturgulewski, Board member of the Anchorage Library Foundation and Mead Treadwell, former AK Lt Governor.

The Senior Committee will be meeting this week with Meneka Thiru in Adult Services to try and plan the rest of the year’s meetings. Our December event at Loussac received rave reviews.

Last week we had the excitement of a fire drill that was not a test. After standing outside in -5 temperature we finally went to Natural Pantry. We were able to return to the library in about an hour, and there is still an investigation going on with facilities as exactly where it was located.

We continue to have problems with the homeless bringing several bags into the library full of their items. Per our Code of Conduct we are addressing those issues and limiting how many bags someone can bring with them on rolling items, etc. If anyone is interested in discussing this further, please call me and I will give you some background. Security continues documenting all incidents.

Busy month but moving forward at your Anchorage libraries.

Next Steps/Coming Soon

This will help families as their children are becoming more independent readers and progressing through the levels.

Limiting Factors/Concerns
